EIGHTY-FIRST

Annual Cattle Show and Fair.

Owing to the inclemency of the weather and the national calamity that cast a gloom over the whole country, the Fair this year was decidedly unsuccessful in a financial view.

The exhibits on the grounds were fully up to the standard, and there has not been so good an exhibit of cattle for many years, if ever, as this year, and all very high bred stock.

In the Hall the entries were large in every department except fruit, which, as every one expected, was diminished, but what fruit there was was of a very superior quality.

The street parade was a success and made a fine display when we consider it had to be postponed one day, and many people that had intended to take part, owing to circumstances unavoidable, had to abandon the enterprise.

The annual dinner of the society was served in the vestry of the South church, Friday, with a large attendance. After dinner President Appleton called the assemblage to order, and called upon several gentlemen for remarks, among whom C. H. Goulding, Esq., responded for the town of Peabody, Hon. John F. Hurley for the city of Salem, Hon. Samuel Cole for the city of Beverly, W. Scott Peters for the county of Essex, W. S. Nevins for the Press, Hon. A. P. Gardner, and others.

REPORT OF THE ANNUAL MEETING.

The annual meeting of the society was held in the Peabody Institute, at Peabody, Sept. 18, 1901. President Appleton called the meeting to order at 9.35 o'clock.

Upon motion of O. S. Butler, it was unanimously voted that Wm. E. Nason of West Newbury cast one ballot for the present officers of the society, as follows :

FOR PRESIDENT.

Francis H. Appleton, of Peabody.

FOR VICE PRESIDENTS.

J. J. H. Gregory, of Marblehead.
H. G. Herrick, of Lawrence.
Asa T. Newhall, of Lynn.
Sherman Nelson, of Georgetown.

FOR SECRETARY.

John M. Danforth, of Lynnfield.

VOTED : — To indefinitely postpone the amendment to the constitution in relation to changing the time of holding the annual meeting of the society.

VOTED : — To accept and adopt the amendment to the constitution, as recommended by a committee appointed in 1899, in relation to the method of choosing Trustees (namely, that they be chosen at the annual meeting), the same to take effect in 1902.

VOTED : — That the Treasurer of the society, upon the approval of the President and Secretary, be authorized to hire money, if necessary, upon his note as Treasurer of the society, to meet any deficiency to pay the bills of the society or the premiums awarded.

The entries in the several departments of the fair for 1901, are tabulated for comparison as follows :

REPORT OF COMMITTEE ON AGRICULTURAL IMPLEMENTS.

The exhibition of agricultural implements, though less in quantity, averaged better in quality than usual. There

were several excellent one and two-horse wagons on exhibition, all of them a credit to the firms from whose hands they came and well meriting a premium ; the work of discriminating between their merits was for the most part one of fine distinctions, into which the low hanging of the body of the vehicles entered with some weight—for experience has taught every farmer that in putting boxes or barrels of vegetables into the market wagon the last inches are the heaviest ones in the lift, and a reduction of these arithmetically decreases the outlay of strength needed almost geometrically. It is this fact, principally, that has made the low running platform wagon from the west so popular among our eastern farmers. We were glad to see some improvement in our old friend, Kemp's manure spreader (the chairman, he had four of them), consisting of a wooden shield to protect the distributing apparatus when loading, and the driver's head from flying brickbats when spreading the load. After one of my men had received a bad blow from flying missiles I had a shield made to protect him, and so wrote to the firm, who then got out the machine, to their wise profit it now appears. The new Kemp has another new improvement which throws it automatically out of gear when the load is all spread. It is now made of three sizes, holding 30, 40 and 50 bushels. The manure spreader in fining and in distributing the plant food evenly makes it more available for the crop and consequently produces results equal to those obtained from a larger body of manure applied in a coarser condition. The objection to it as a farm implement is, that unless handled with more care than the average farm hand is likely to invest in it, it is very likely to be injured in some part of its cog wheel gearing, where repairs are costly. Where farmers have run the machines themselves I have known them to last for years with but little outlay for repairs,and these mostly confined to the iron gear which holds the lugs.

Messrs. Colcord & Richardson exhibited several inter-

esting implements, among which the Abenaque gas engine drew a great deal of attention. Mr. C. informed us that it was a five horse power, weighed 1300 lbs., cost $275, and could be run at an outlay of one cent an hour for gasoline. The Champion milk cooler, exhibited by the firm, cost from $7 to $10. The stock watering device, by the use of which the animals have cleaner water, appeared to your committee worthy of special recognition. The Aspinwall corn and bean planter has made a good record for itself; its method of distributing the fertilizers so that they will not come in contact with the seed planted is a strong recommendation for it. Several of our seed planting machines having fertilizer attachments, are weak just here; either their fertilizer distributing spout is not strong enough to stand the rough usage of our stony New England soil, and so are soon bent or broken, or they do not scatter their fertilizer or cover them sufficient to protect the seed planted from injury. This was the defect I found in the Aspinwall potato planter as formerly made. The price for the planter and fertilizer distributer is $30. Breed's hand onion weeder, also exhibited by this firm, we have had occasion to speak a good word for before, drawn from personal experience of its merits. Any farmer who raises an acre of onions would soon get his money back in saving labor in that most costly of all farm work, hand weeding. We run it both ways of the rows before the onions break ground and some of my fellow farmers, whose soil is freer of stones, go farther than this, using it lengthways of the rows, even when the plants are 3 or 4 inches high. The Green Mountain silo, exhibited by this firm, a cylindrical affair, to be built of either cypress, pine or spruce, is certainly worth attention, where the material of one with a capacity of 95 tons can now be landed in Massachusetts already to be put together for $184. There is a prospect of a discount from these rates another season.

Among the numerous articles exhibited by Messrs.

Whitcomb & Carter, to whom was awarded the premium for largest collection of agricultural implements, was a "tree protector," made of strong wire strongly connected. It was efficient for trees up to 6 or more inches in diameter. The price was 75 cents. Mr. Holt, a member of our committee, was quite favorably impressed with its good workmanship and low price. The lawn roller, exhibited by this firm, ran on ball bearings, weighed 260 lbs., and was sold at $13. Their dirt scraper, price $8, had the improvement of a pair of stout iron shoes along the bottom. Mr. Fuller had his usual exhibition of excellent weeding tools, the efficiency of which we can bear testimony to from personal experience of their merits. He has taken the wise course, so fair for both parties, of carrying them from farm to farm in the growing season and allowing them to demonstrate in the farmers' hands by actual trial whether or not they can help him efficiently in his annual warfare with the weeds. There is one tool, most important to the farmer, that we rarely see on exhibition at our Agricultural Fairs, that is the hoe. There is no tool in use on the farm in which there has been a greater improvement made by American ingenuity; with its narrow, thin steel blade, hung at the best angle on a well made ash handle (not white wood), it has apparently reached perfection.

For the Committee,

J. J. H. Gregory,
Peter Holt.

J. W. Goodell, T. C. Thurlow, Geo. F. Chadwick.—*Committee.*

As chairman of the committee on apples for 1901 we would like to make a few comments and suggestions. Although this was an off year on apples generally throughout the county, the exhibit altogether was of good quality and we would call the attention of fruit growers to two displays of sweet apples of remarkable quality and attractive appearance, one was a perfect facsimile of the Ladies Sweet, and was called such in the report but upon testing the second specimen we were persuaded that it was much earlier in ripening.

The other was of green color and somewhat later in ripening, both very large and fair, and especially attractive to people who have personal knowledge of the lusciousness of a good baked sweet apple and of its healthful, nourishing qualities.

We would urge upon the society the importance of improving the quality of their fruit. Labor is too expensive to be used in raising cider apples, or as a food product for cattle. Our land is too valuable to be cumbered with such trees, they are but as weeds compared to trees bearing good quality of salable fruit. The time has come when orchards are to be cultivated as a crop of corn or potatoes, and not left to shirk for themselves after being planted, and in this 20th century the selection of location best suited for any given fruit, and also what nourishing ele-

ments are necessary to the best development of the same are known. For a few years, while the young trees are growing, hoed crops may be advantageously grown between the rows but when they begin to bear fruit all other crops should be abandoned. Trees may be set thirty feet apart and, if the situation is good, peaches planted between would not be detrimental as they would be out of the way by the time that the apple trees demanded the space. In such a case continuous cultivation and fertilization would be necessary but no other crop allowable. While growing the trees nitrogenous fertilizers would be most needed, but when the trees begin to bear, more and more potash would be required.

Judicious pruning should be attended to while the trees are growing, keeping them well down, the better to facilitate the picking of fruit and guard against the damage by high winds, both on trees and fruit.

All fruit growers should be good fighters, as the battle lasts throughout the year and spraying has become a necessity in order to grow fruit of desirable quality. The Bordeaux mixture has become the established remedy for most insect pests as well as fungous growths, with Paris green added. The latter being a mixture without any chemical action should be kept in agitation while in use.

Spraying should be done on a still, clear day. If a shower should come soon after, your work would do little good. We would advise several applications to the trees each year. After the fruit is gathered a much stronger solution of copper could be used with benefit, even as strong as six pounds to fifty gallons of water. Then to make things doubly sure *clean up all leaves and rubbish and burn*, being careful to make small piles well away from the trees.

Leaf mould is a valuable fertilizer when composted with sufficient lime to kill all insects and fungous growth attached to the same, but otherwise is a dangerous contingent.

Another thing necessary to the raising of first class fruit is thinning. This needs a good degree of moral courage but it pays, both in satisfaction and dollars and cents. Three bushels of first class fruit is worth more than five bushels of second class and most likely if you take off early in July two-fifths of the fruit, you will at gathering time have more bushels than you would have had if all were left on the trees.

In some cases after trees have got into bearing condition, it is not convenient to continue cultivation of the ground with the plow and cultivator. In such cases it is better the orchard be pastured rather than mowed, and sheep are the only animals that should be allowed in the orchard. They keep down all weeds and brush and the grass closely cropped, while the fertilizer left is most valuable. Horses should seldom be allowed in the orchard and *horned cattle never.*

Considering the numerous insect pests with which we have to deal, we should remember the valuable help of our feathered friends as insect destroyers. Some have divided the birds into grain eating and insect eating classes and others still as fruit destroyers.

Now, I have been a careful observer of *my friends the birds* for three score years and ten, and have never seen the fowl or bird that did not devour more or less of the destructive insects.

The English sparrow, that most abused of all the bird tribe, I believe does a great deal more good than harm. They may spoil some blossoms and fruit, but on the other hand save us much by destroying pestiferous insects.

We are becoming acquainted with one of the most troublesome insects that has come to our knowledge in years, the *brown tailed moth*, literally stripping our pear trees in June and partially so again in August.

In June the moth becomes abundant and at night gath-

ering around electric lights until the poles, ropes and trolley wires will be white with them. In the morning you will see the much hated *English sparrow* devouring them by hundreds and thousands and by noon will have them all cleared away and the ground around the poles will look as though there had been a snow storm from the multitude of white wings covering the ground. Then comes up the pointed question, *What are you going to do about it?*

In answer we would say build homes to protect your birds and feed them in the winter.

At this time of the year let the moth alone until you have a good, hot fire in the furnace. When the leaves have fallen from the trees you will observe, at the tips of the tall branches, a few leaves that appear to be *tied on* and coiled around the branch. These are the nests of the spring crop of caterpillars in large numbers but less than one-half inch long. Now take your long pole cutter and trim off every one of these leaf holding branches and feed your furnace with the same, being *careful to pick up every branch cut off.*

REPORT OF THE COMMITTEE ON ROOT CROPS.

The Committee on Root Crops make the following report :—

To John H. George of Methuen, for his crop of onions, the first premium of $8 00

To Daniel A. Carleton of No. Andover, for his crop of cabbages, the first premium of $8 00

To Alvin Smith of Hamilton, for his crop of ruta baga turnips, the second premium of $5 00

Respectfully submitted,

A. B. Fellows,
Frank Perkins,
For the Committee.

STATEMENT OF DANIEL A. CARLETON.

To the Committee on Root Crops :

Gentlemen :—The half acre of cabbages entered by me for premium were grown on land that had been in grass the past eight years. Twenty loads of cow manure per acre were spread on the sod last spring, and ploughed under about six inches deep. The ground was then harrowed, and shallow furrows made three and a half feet apart. A half ton per acre of Cumberland superphosphate was strewn in the furrows and slightly covered. Three-fourths of a pound per acre of Deep Head Brunswick cabbage was sown in the furrows by machine. The seed coming up in narrow, straight rows, made the work of hoeing much less than it would have been had the seed been scattered by hand, as the field was filled with witch grass. The piece was cultivated and hoed three times. There are upon the half acre forty rows, averaging 115 good sized, solid heads of cabbages, or 9200 cabbages per acre, standing about one and one-half feet apart in the rows. I call them worth three cents per head in the field

at the present time. I shall cut the heads off and remove them to the south side of a fence, setting stump down on the grass one deep, and cover with hay or leaves, and hold for higher price, feeding all cracked ones to cows. There is no crop better for making milk than cabbage, and if fed right after milking, there is no danger of affecting the taste of the milk.

The cost of the crop per acre I make as follows:—

Plowing and preparing land,	$10 00
Seed and sowing,	3 00
Cultivating and hoeing,	25 00
20 loads manure,	40 00
One-half ton superphosphate,	15 00
	$93 00
Cr.	
By 9200 cabbages, at 3 cts.,	$276 00
Profit per acre,	$183 00
On half acre,	91 50

Respectfully submitted,

DANIEL A. CARLETON.

No. Andover, Oct. 30, 1901.

STATEMENT CONCERNING A CROP OF ONIONS RAISED BY JOHN H. GEORGE, IN THE TOWN OF METHUEN, 1901.

The crop of 1900 was potatoes. The manure used was four cords stable manure and one ton fertilizer per acre. The soil is peat meadow. For the onion crop the land was prepared by ploughing in in the fall of four cords horse manure mixed with night soil. The seed was yellow globe Danvers sowed six pounds per acre, sowed the 19th of April. They were hoed four times, weeded three times, harvested by being cut out with wheel hoe, picked up into crates, and housed.

The cost of the crop was eighty-two dollars for the half acre. The yield was three hundred and twenty bushels for the half acre, worth at the present time one dollar per bushel.

Cost per acre,	$164 00
Yield per acre, 640 bush.,	640 00
Profit per acre,	476 00
Or on the half acre,	238 00

Respectfully submitted,

JOHN H. GEORGE.

Methuen, Oct. 30, 1901.

I hereby certify that I have measured the land on which the crop of onions which are offered for premium grew, and it contains one-half acre.

FRANK W. GEORGE.

STATEMENT OF ALVIN SMITH.

Dear Sir—The turnip field you looked at last week gave 204 bushels. It was tillage land, and was seeded down in 1889. I ploughed June 28th. Used four cords of stable manure in the drill. I sowed one pound of Shamrock July 2d in rows three and one-half feet apart. The financial statement is as follows:—

Ploughing and harrowing,	$5 00
Four cords of manure,	20 00
Seed and planting,	2 50
Labor cultivating,	2 00
Labor harvesting,	10 00
Interest and tax on land,	2 00
	$41 50
204 bushels turnips, at 50c. per bush.,	102 00
	41 50
Profit on one-half acre,	$60 50

Respectfully,

ALVIN SMITH.

Wenham Depot, Mass.

REPORT OF COMMITTEE ON SMALL FRUITS.

Your committee received two entries of small fruits—one entry of raspberries from Mr. John C. Day of Haverhill, the other a crop of strawberries from Mr. Oscar Gowen of West Newbury. Mr. Day's raspberries showed an excellent growth of cane and berries, but he was deprived some afterwards of picking on account of excessive rains so softening the berries that they were not marketable and dropped from the bushes. Mr. Day judges he would have had over six hundred boxes if it had not been for the excessive rains.

The committee award him the first premium of $8.

The committee visited Mr. Gowen's strawberries June 21. The heat was almost unendurable, and the berries were very soft. We found a very even and thrifty growth of vines, the berries were large, sweet, and well shaped, but ripening very slowly, but there were plenty of green berries to follow. One very noticeable feature of the bed was the absence of weeds. Your Committee cheerfully recommend Mr. Gowen the first premium of $8.

Edwin Bates, George M. Roundy—*Committee.*

STATEMENT OF STRAWBERRIES GROWN BY OSCAR GOWEN OF WEST NEWBURY.

The piece of land which I enter for premium contains 125 rods, is a dark loam, clay subsoil. In 1899 was ploughed sod land and planted to cabbage, six cords of barnyard manure to the acre. In 1900 was manured at the rate of eight cords to the acre and set to strawberries.

Cost of cultivating and marketing :—	
Setting plants,	$2 00
One-half dressing left,	25 00
Hoeing,	12 00
Covering,	5 00
3000 baskets, picking and marketing,	105 00
	$149 20
Cost per acre,	190 98
Receipts,	422 40
Profit,	$331 42

Respectfully,

O. Gowen.

West Newbury, Aug. 19, 1901.

I certify that the land on which the crop of strawberries grew, entered for premium by Oscar Gowen, contains one hundred and twenty-five rods.

Wm. Merrill.

REPORT OF THE COMMITTEE ON GRAIN CROPS.

To the Secretary of the Essex Agricultural Society :

The Committee on Grain Crops report but two entries one of English hay, by Dr. M. L. Chamberlain of North Beverly, which was viewed by the committee June 29th. It was a very fine lot of grass, and we recommend that Mr. Chamberlain have the first premium of seven dollars.

The second, of Indian corn, by Richard Jaques of Newbury, which was viewed by the committee Sept. 20th, was a fair crop, and we recommend that Mr. Jaques have the second premium of four dollars.

Daniel D. Adams, J. A. Lamson, C. D. Ordway—*Committee.*

STATEMENT.

The crop grown in 1899 was Indian corn, in 1900 swee corn. Was manured with fertilizer in the hills, which are four feet apart each way. A horse, with cultivator, performed all the labor, no hoe being used.

Reckoning 70 lbs. on the cob, equal to bush. shelled corn, there are 51 bush., at 70c.,		$35 70
Stalks and husks,		15 00

NEWBURYPORT, MASS., Oct. 24, 1901.

MR. RICHARD JAQUES.

Dear Sir :—This is to certify that I have measured the patch of corn on the hill near the cemetery, and find that it contains one acre three rods and one hundred and twenty feet (1 acre 3 rods and 120 feet).

Yours truly,

JOHN M. BAILEY, Supt. Cem.

STATEMENT OF M. L. CHAMBERLAIN.

NORTH BEVERLY, Mass., Aug. 18, 1901.

D. D. Adams, Esq., Chairman Crop Committee, Newbury, Mass.

Dear Sir :—I herewith give statement regarding hay

crop entered for premium. Ground was seeded to grass six years ago, by Mr. N. P. Proctor, owner of the farm at that time. Mr. Proctor informs me that before or after seeding no manure or commercial fertilizers were put on the land, in fact this particular lot was treated the worst of any he owned. Since purchasing the farm the land in question received no manure or fertilizer until the current year. In the month of April I had sown the following mixture of chemicals, six hundred pounds to the acre: Nitrate of soda, bone black, and muriate of potash. Grass was cut July 11, thoroughly dried, and put in the barn July 13. . Cost of harvesting the crop, including chemicals used, you will note as follows:

Cost of chemicals,	$8 27
Applying chemicals,	50
Harvesting the crop,	5 00
	$13 77

Weight of hay, 13,575 lbs.—6 tons, 1575 lbs. Valuing the crop stored in the barn at $20 per ton, amounts to $135.75. Deducting the cost of chemicals, harvesting, etc., leaves a balance of $121.98 for one acre.

Yours very truly,

M. L. CHAMBERLAIN, Competitor.

WHAT IS THE BEST PAYING CROP ON THE FARM?

Whose farm? Not yours, which may be of the stuff of which garden sass is made. Not your neighbor's, whose orchard land is the envy of the passer-by; nor yet the corn land, nor the onion land, nor the berry land. Because the wise farmer learns on each of these farms what is his sure crop, and then keeps within his limitations.

But the best crop for the average farmer, on the composite farm?

What is the crop that does not call for years of waiting, nor a fortune in starting? What is the crop that is practically independent of drouth or flood, early or late seasons, sandy or heavy soil, grass shortage, or orchard failure? Only one crop is sure in spite of these and a score of other vicissitudes of climate, market, or hired help. And this crop is poultry.

Poultry pays! It even pays with slovenly methods; but with care, system and perseverance, it is the crop of all others that never wholly fails, that pays dividends every year, and every month in the year.

Drouths may threaten and materialize, but there is always water enough for the poultry, if the keeper will but keep it ever in the pen, clean and fresh. Late springs retard, but never ruin; early frosts nip, but not the well-housed pullets.

There is never an over-production one year and barrenness two years following. Potato rot and canker worm sound but as echoes to the poultry keeper. The pastures dry up and the maggot eats the onions; but surely and steadily the chicken crop comes to maturity, and the egg basket is filled, if the farmer attends to them.

No royal road leads to success, and luck never chases after the man who turns his chicks loose in the summer

and expects them to wax fat on caterpillars and grasshoppers. But patience, perseverance and pluck, added to hard work and common sense, will make a flock of poultry a joy to the owner, and fill his pocket-book beside.

A few hens are best to start with. If one fails it is less expensive, and a season of success is worth dollars for future use. A profit of one dollar per hen is the least one should expect, and a dollar and a quarter is a fair average.

Last year I made $1.50 per hen, which was better than usual, and probably due to a fine laying strain of Reds which I had just got into working order. The pullets began laying in October, and kept everlastingly at it till mid-summer.

Hens must be fed first-class food, regardless of price. If one wants eggs he must feed for eggs from the shell. He must also feed regularly three times a day the year round. He must water regularly, keep the fowls as clean as possible, give green stuff when nature cannot supply it, animal meal nearly all the year, unless the range is large, and oyster shells at all seasons. This is by no means pampering your poultry; it is only the necessary sowing and cultivating for a successful harvest.

I aim to keep my stock clean and healthy, without inbreeding for fine points, which so often means weakness and disease. And from this stock I get healthy chicks hatched by the old-fashioned hen incubator. The chicks also are fed on the best growing and egg-building stuff the market affords.

The farmer's wagon may not be hitched to a star, but he must throw a halter toward the egg basket if he expects to make money with hens, and the care of the smallest chicks may mean future failure or success.

An outlay of $100 in buildings and fencings and $50 in stock will bring in greater returns the first year and every year following than the same amount of money invested

in almost any other farm scheme, because of its practical freedom from the already mentioned drawbacks of all other crops.

It is a money crop, because there is always a fair demand for eggs and poultry at a fair price. Indeed, there is an excellent market for eggs in November and December at an unfair price—or so it seems to the buyer. And when one has learned to get a good egg yield in these months, he is not lucky, but capable.

Sam Walter Foss amusingly depicts the man who has the hen fever, and who finally mortgages his farm to allay it. But prize-winners and fancy stock only made it burn the fiercer, and he died and left behind only the hens to scratch on his grave.

Personally I do not advocate fancy poultry, unless one keeps hens for fun, and owns B. and M. stock. True, a few people make it profitable, but where one succeeds, twenty do not. But a flock of plain, common-sense hens, thoroughbred, if you will, but surely bred from healthy, fine-laying stock, raised for profit and kept for profit, with the same care, methods and treatment accorded any other farm crop, is, I am assured, the crop of all others for the discouraged farmer, who is yet hunting for the money crop to suit his farm.

ANNIE L. ROGERS.

REPORT OF COMMITTEE ON TREADWELL FARM.

Crops grown upon the farm this year are 17 tons of English hay, 10 tons of meadow hay, 10 tons of bedding hay, 5 tons of Japan millet, 10 tons of Hungarian millet, 2 tons of oat fodder, 1 1-2 tons of rowen, 360 bushels potatoes, 8 bbls. squash, 5 bbls. apples.

The silo was filled with about seventy tons of corn and Japan millet. From twenty to twenty-five cans of milk have been produced per day for the year.

The experiment for this year has been interesting and valuable. The object of it was to show the practicability and profit of the use of commercial fertilizers in comparison with common barn manure in the usual practice of the average farmer.

The experiment consisted of an acre of potatoes. On one half was used one-half ton of Swift's high grade potato fertilizer, and on the other half was applied three and one-half cords of common barn manure, both supposed to be of about equal commercial value when spread on the land, all other conditions being the same.

The part on which the fertilizer was used produced 137 bush. marketable potatoes, of much superior quality to those grown on the manure, and 9 bush. second size, with 7 bush. of small ones. The part where the manure was used produced 89 bush. marketable potatoes, 22 bush. second size, and 18 bush. small ones. The one, 154 bush. total; the other, 129 bushels total, of much less value.

This experiment, while not conducted with the exact precision, perhaps, as might be at our experiment station, yet sufficiently so to show that commercial fertilizers may be used with decided profit and advantage on the usual farm crops over that of barn manure. But, notwithstanding which, your committee would caution farmers against neglecting to make and save all the manure possible on the farm. We note with pleasure the general thrift and good conduct of the farm by Mr. Bradstreet.

Respectfully submitted,

BENJAMIN P. WARE,

For the Committee.

REPORT OF NEW MEMBERS.

There have been nine new members added to the Society since the last annual report, eight of whom became members by receiving premiums of seven dollars and upwards, according to the rules of the Society, from different cities and towns, as follows :—

Beverly,	2	North Andover,	2
Danvers,	1	Peabody,	2
Lynn,	1	Wenham,	1

INSTITUTES.

The Society held four Institutes the past year, on as many different days, both forenoon and afternoon, at which the following subjects were discussed by any of the audience who desired.

The first Institute was held in City Hall, Beverly, Jan. 11, the subject for the forenoon being "Small Fruits." Afternoon, "The Educational Value in Horticulture," by Prof. Fred W. Card of Kingston, R. I. The second Institute was held in Grange Hall, Andover, Feb. 1, subject for forenoon being "Farming Under Glass—Raising of Cucumbers, Lettuce and Tomatoes Under Glass." Afternoon, "The Changes which have taken place in our Massachusetts soils, and their effect upon plant growth," by Prof. George E. Stone of Amherst.

The third Institute was held at Newbury Feb. 21, the subject for the forenoon being, "The Outlook for Commercial Fruit Growing in New England." Afternoon, "Orcharding for the Hill Farms of New England," by Mr. John W. Clark of North Hadley.

The fourth Institute was held at Salem, March 15, the speaker being Hon. Benjamin P. Ware of Marblehead, both in the forenoon and afternoon, giving his "Observations Abroad," as seen by him in his travels in foreign countries during the past year.

REPORT ON THE ESSEX AGRICULTURAL SOCIETY, AT PEABODY, 1901.

To the Board of Agriculture :—

The Essex Agricultural Society held its eighty-first annual fair in Peabody, Sept. 17th, 18th and 20th. The programme for Thursday was continued to Friday. The fair was held under great disadvantages. Thursday being the day of the funeral of President McKinley and the other days of the fair being cloudy or rainy, it made it very discouraging to the officers and members of the Society holding the fair under those circumstances. However, there was a most excellent exhibition on the grounds and in the Town Hall.

The grounds of the Society are well adapted for cattle-show purposes, with a fine set of buildings to house the stock of every description, and a good quarter-mile track to test the speed of the horses.

It would seem that the Essex Society is surely a prosperous and up-to-date society in all that pertains to agricultural fairs.

There was a good showing of cattle, all the stalls being filled with well-fed, fine-looking animals.

Among the largest exhibitors were J. C. Poor of North Andover, who exhibited a herd of Holsteins, Dr. M. L. Chamberlain, with Jerseys, and J. C. Evans, with a string of Hereford oxen.

The other breeds were well represented by some fine animals.

The exhibition of horses was very good, some well-bred trotting stock being shown.

The poultry display was large and many birds of superior merit were among the exhibit. Also in the building were Belgian hares, guinea pigs, rabbits, dogs, and other pets.

The big tent was well filled with wagons, ploughs and other agricultural implements. There was a vaudeville show in front of the grand stand. It was said they gave a good performance whenever the weather permitted.

After looking over the exhibition on the grounds your delegate visited the Town Hall and found a large display of flowers, palms and potted plants, a remarkably good showing of apples and other fruits for the off year, and a creditable showing of vegetables containing all the different varieties.

The household display was as good as usual. The quilts, rugs and mats, needle-work, embroidery, etc., illustrated what industrious and skilled hands will do.

The exhibition in all its several departments was of high merit, was well arranged and deserved good weather and a large attendance.

Respectfully submitted,

J. Lewis Ellsworth, Inspector.

CONSTITUTION

OF THE

ESSEX AGRICULTURAL SOCIETY.

ARTICLE 1. There shall be a President, four Vice Presidents, a Secretary and a Treasurer, who shall be Trustees, *ex-officio*, and one Trustee from each city and town in the county. The President, Vice Presidents, Secretary and one Trustee from each city and town in the county shall be elected at the annual meeting by ballot, and the Treasurer by the Trustees annually at their meeting in November. Nominations for Trustees may be made by any member or members of the Society from the city or town from which he is to be elected for at least one week before said meeting to the Secretary, and he shall prepare ballots for the same.

ART. 2. There shall be an Annual Meeting of the Society, at such times as the Trustees shall determine, at which all officers shall be elected. Twenty members at least shall be necessary to constitute a quorum for the transaction of business.

ART. 3. If at any meeting of the Society, or the Trustees, the President and Vice Presidents shall be absent, the members present may appoint one from among them to preside at such meeting.

ART. 4. The President, or in case of his absence, either of the Vice Presidents, with the advice of the Trustees, may call a special meeting of the Society ; or whenever a

written application, with the reason assigned therefor, shall be made by any twelve members of the Society to the President and Trustees, they shall call such meeting.

ART. 5. The meetings of the Trustees shall be held at such time and place as they shall from time to time agree upon; seven of whom, with the presiding officer, shall make a quorum.

ART. 6. The Trustees shall regulate all the concerns of the Society during the intervals of its meetings; propose such objects of improvement to the attention of the public, publish such communications, and offer such premiums in such form and value as they think proper (provided the premiums offered do not exceed the funds of the Society); and shall lay before the Society at each of its meetings a statement of their proceedings and of the communications made to them.

ART. 7. The Secretary shall take minutes of all the votes and proceedings of the Society and of the Trustees, and enter them in separate books; and shall record all such communications as the Trustees shall direct. He shall write and answer all letters relating to the business of the Society.

ART. 8. The Treasurer shall receive all monies due or payable to the Society, and all donations that may be made to it, for which he shall give duplicate receipts, one of which shall be lodged with the Secretary, who shall make a fair record thereof. The Treasurer shall from time to time pay out such monies as he shall have orders for from the Trustees; and shall annually, and whenever thereto required, render a fair account of all his receipts and payments to the Society or a committee thereof. He shall give bonds for the faithful discharge of his duty in such sum as the Trustees shall direct, and with such sureties.

ART. 9. A committee shall be appointed annually by the Trustees to audit the Treasurer's accounts, who shall

report to the Society ; and the same being accepted, shall be entered by the Secretary in his books.

ART. 10. In case of death, resignation, incapacity, or removal out of the county, of the Secretary or of the Treasurer, the Trustees shall take charge of the official books, papers, and other effects belonging to the office that may be vacated, and give receipts for the same, which books, papers, etc., they may deliver to some person whom they may appoint to fill the office until the next meeting of the Society, at which time there shall be a new choice.

ART. 11. *Any citizen of the county may become a member of the Society by paying the sum of THREE DOLLARS to increase the permanent fund of the institution.

ART. 12. A committee shall be raised from time to time to solicit and receive subscriptions for raising a fund for encouraging the noblest of pursuits, the Agriculture of our county, the same to be sacredly appropriated to that purpose.

ART. 13. All ordained ministers of the gospel who reside within the county shall be admitted honorary members of the Society.

ART. 14. In addition to the usual number of Trustees annually elected, the past Presidents of the Society shall be honorary members of the Board of Trustees.

ART. 15. The foregoing constitution may be amended by a proposition of the amendment in writing by a member at a regular meeting ; the same to lie over for the action at the next annual meeting of the Society.

---

*Members will receive from the Secretary a "certificate of membership." No fines or assessments are ever imposed. Members are entitled to vote in all its transactions, with free use of the Library and a copy of the printed "Transactions" each year.

PREMIUM LIST OF

Essex Agricultural Society

FOR THE

EIGHTY-SECOND ANNUAL CATTLE SHOW AND FAIR.

Duties of Trustees.

The trustee of each town is instructed to see the several members of Committees in his town previous to the Show, and urge upon them the importance of attending to their duties. Also impress upon exhibitors from localities near to the Exhibition the importance of entering their exhibits for the hall the afternoon and evening of Monday, in fairness to those from a distance, who are obliged to come Tuesday.

To be prompt at the meeting in June for filling Committees, and at the meeting of the Society for filling vacanies in committees on the first day of the Exhibition, making sure that the names proposed at those meetings are of persons who will serve.

Duties of Committees.

Committees on live stock and articles exhibited on the Fair Grounds should appear at the Secretary's office on the grounds, at one o'clock, punctually, on the first day of the exhibition, and there organize, take the books of entry, and proceed at once to business. Committees in hall should take the books of entry from the Superintendent promptly after the entries close.

Full reports of awards by committees, on the blanks furnished by the Secretary, to be signed by all the members acting on the same, are required of each committee.

Three members of any committee consisting of more than that number are authorized to act.

☞No member of the Society shall act on any committee of which he is an exhibitor in the same class.

The Diploma of the Society being considered the highest premium that can be awarded, no committee is authorized to award it, except for animals and articles *of special merit*, deserving of endorsement and recommendation by the Society.

No committee is authorized to award gratuities, except the committee on agricultural implements, carriages, bread, honey and canned fruits, domestic manufactures, fruits, vegetables in hall, and flowers; or any premium, unless the rules of the Society have been strictly complied with. Neither shall they award premiums or gratuities in excess of the amount appropriated.

No gratuity is to be awarded of less than fifty cents, except on work by children, and none in that class less than twenty-five cents.

The several committees are requested to affix premium cards, and also on animals blue, white and red printed premium ribbons (which may be had of the Secretary or assistants on the grounds and at the hall), for the several animals or articles designating the grade of premium awarded each, and the name of the person to whom awarded, and especial care should be taken that the cards issued correspond with the awards in their report to the Society.

The reports of awards of premiums on ploughing and on animals and articles exhibited at the Show, must be delivered promptly to the Secretary for announcement on Thursday.

The Society offers liberal premiums for the best reports of committees; and the chairmen of the several committees are requested to present to the Secretary a full report explanatory of the opinions of the committee on the matter referred to them, within two weeks after the awards are made at the Show, for publication in the Transactions.*

Reports on farms, crops, etc., to be presented previous to the meeting of the Trustees in November.

Any member of a committee who cannot serve on the same *is requested to give notice* to the Secretary, *before the show*, so that the vacancy may be filled.

Each member of the several committees will receive a ticket of admission to the hall of exhibition on application to the Secretary.

---

*Chairmen of committees will please notice this request.

General Rules.

Competitors are requested to carefully read the rules and premium list before making entries.

Claim (entries) for premiums to be awarded at the Exhibition on the Fair Grounds, other than live stock, must be entered with the Secretary of the Society, or his agent, and in the Exhibition Hall, on or before 11 A. M., of the first day thereof.

All entries of live stock must be entered with the Secretary at least one week previous to the holding of the Fair and no entries will be received after that date.

Any person *not a member of the Society*, awarded seven dollars and upwards, shall receive a certificate of membership, for which three dollars of his award will be taken to increase the funds of the Society.

Diplomas awarded will be delivered and premiums paid, to the person to whom the premium or gratuity is awarded or an agent duly authorized, on application to the Treasurer, at First National Bank, Salem, on and after the first Monday of November.

All premiums and gratuities awarded, the payment of which is not demanded of the Treasurer on or before the first day of April next succeeding the Exhibition, will be considered as given to increase the funds of the Society.

In all cases the reports of awards of premiums and gratuities made by the several committees and adopted by the Society shall be final. *Committees should see that the premium cards issued, correspond with the premiums and gratuities awarded in their reports.*

No person shall be entitled to receive a premium, unless he complies with the conditions on which the premiums are offered, and by proper entry as required, gives notice of his intention to compete for the same ; and committees are instructed to award no premium unless the animal or article offered is worthy.

No animal or object that is entered in one class, with one committee, shall be entered in another class, except working oxen, working steers, (three year old steers may be entered for ploughing in a double team) and farm horses which may be entered for ploughing, horses for fast walking, and milch cows, which may be entered with a herd.

All stock eligible for premium must be owned by residents and kept in the county.

In regard to all subjects for which premiums are offered, it is to be distinctly understood that the Trustees reserve to

themselves the right of judging the quality of the animal or article offered; and that no premium will be awarded unless the objects of them are of decidedly superior quality.

Pure Bred Animals, defined by the State Board of Agriculture.

RULES AND REGULATIONS.

1. All Plants and Flowers for competition and exhibition must be entered for examination by the committee on or before eleven o'clock on the first day of the Fair, and all such Plants and Flowers must have been grown by the competitor, except native plants and flowers and flowers used in bouquets, and baskets of flowers and floral designs, all of which (plants and flowers) must have been grown within the County.

2. When a certain number or quantity of Plants and Flowers is designated in the schedule, there must be neither more nor less than that number or quantity of specimens shown.

3. When only one premium from each exhibitor is offered for any article, only a single specimen or collection can compete, but when a second or third premium is offered, one, two or three specimens or collections may be exhibited for competition, but no variety can be duplicated.

4. No premium shall be awarded unless the specimens exhibited are of superior excellence, possessing points of superiority and worthy of such premium, not even if they are the only ones of their kind on exhibition.

5. No specimen entered for one premium shall be admitted in competition for another different premium.

6. Competitors will be required to furnish information (if the committee so request), as to their modes of cultivation, or in the case of Native Plants and Flowers, where such were found.

7. All Plants exhibited for premiums must have the name legibly and correctly written on stiff card, wood, or some other permanent and suitable substance, and so attached to same as to be easily seen. Flowers when specified to be named to comply also with above rule.

8. Plants in Pots to be entitled to premiums must show skilful culture in the profusion of bloom and in the beauty, symmetry and vigor of the specimens; also Bouquets, Baskets, Design work, etc., must show taste, skill, and harmony in arrangement, both as to colors and material they are made of, and purposes for which they are intended.

9. All flowers exhibited must be shown upon their *own stem*, flowers in "Design" work alone excepted; and this exception, if overcome and avoided, to be taken into account by the committee in awarding the premiums.

10. The Committee are authorized to award gratuities for any new and rare plants and flowers or "Designs of merit" for which no premium is offered, but in no case shall the total sum (premiums and gratuities together), exceed the amount, $100, limited by the Society for this department.

11. No member of the Committee for awarding premiums or gratuities shall in any case vote or decide respecting an award for which such member may be a competitor, or in which he may have an interest, but in such case such member shall *temporarily* vacate his place upon the Committee, and such vacancy for the time being may be filled by the remaining members of the Committee, or they may act without.

12. Attention is again called to above Rules and Regulations for Plants and Flowers, and General Rules of the Society, and all articles not entered in conformity therewith will be disqualified, and premiums will be awarded only to exhibitors who have complied with said Rules, etc.

FARMS.

Competitors for this premium must give notice of their intention to the Secretary on or before June 15th, and the farms entered for premium will be viewed by the committee twice during the year. Crops growing on farms that are entered for premium, cannot be entered with another committee for separate premiums—except crop specimens exhibited at the fair.

Any person desirous of having *his farm inspected, without entering it for premium*, may make application to the Secretary, and it will be viewed and reported upon by the committee.

For the best conducted and most improved farm, taking into view the entire management and cultivation, including

lands, buildings, fences, orchards, crops, stock and all other appendages, with statements in detail, relating thereto, premium, $20

IMPROVING WET MEADOW AND SWAMP LANDS.

For best conducted experiments relating to wet meadow or swamp lands, on not less than one acre, the course of management, and the produce, etc., for a period of two years at least, to be detailed, with a statement of all the incidental expenses, premiums, $10, 6

NOTE.—The Committee is instructed to ascertain how many, if any, reclaimed swamps in this County have been abandoned or have returned to natural grasses. Persons knowing of such are requested to notify the Secretary or Committee.

IMPROVING PASTURE AND WASTE LANDS.

For best conducted experiments in renovating and improving pasture land, other than by ploughing, so as to add to their value for pasturage, with a statement of the same, premiums, $10, 6

For best conducted experiments in renovating and improving waste lands, so as to add to their agricultural value, with statement of the same, premiums, $10, 6

No premium to be awarded to any person for a repetition of an experiment in meadow, swamp or pasture lands, for which he has already received a premium.

UNDER-DRAINING LAND.

For best conducted experiments in under-draining land, regard being had to the variety of soil, sub-soil, and other local circumstances, premiums, $10, 6

NOTE.—The same instructions under "Improving Wet Meadow and Swamp Lands" apply to this Committee.

GRAINS AND OTHER CROPS.

Claimants on Grain and Root Crops will be required to state the size of the piece of land when they enter, and conform to following rules: Entries of Grain Crops to be made on or before September 10th; Root Crops on or before October 10th; giving ample time for the crops to be examined by the committee before harvesting. Statements to be made in conformity with the following form must be forwarded to the Committee previous to November 1st.

All calculations and figures given in reports of, and state-

ments of Crops, are to be made on the *basis of an acre*, results in all cases to be given at the rate per acre.

In pursuance of authority delegated to the Board of Agriculture by Chapter 24 of Acts 1862, Agricultural Societies receiving the bounty of the State are required to make use of the following form, and be governed by its conditions in the mode of ascertaining the amount of crops entered for premium.

Essex Agricultural Society.—Statement concerning a crop of —— ——, raised by Mr. ———, in the town of ——, ——, 1902.

What was the crop of 1900? What manure was used and how much? What was the crop of 1901? What manure was used and how much? What is the nature of the soil? When and how many times ploughed, and how deep? What other preparation for seed? Cost of ploughing and other preparation? Amount of manure in loads of thirty bushels, and how applied?

Value of manure upon the ground? How used? What amount of Commercial Fertilizer used? How used? Value of same when applied? When and how planted? The amount and kind of seed? Cost of seed and planting,? How cultivated and how many times? Cost of cultivation including weeding and thinning? Time and manner of harvesting? Cost of harvesting, including the storing and husking or. threshing? Amount of crop, etc. Signed by ———, Competitor

The committee to whom is intrusted the award of the premiums on field crops may award them according to their judgment, but for the purpose of furnishing accurate statistics for the benefit of agriculture, shall select certain of the crops and require the owners thereof to measure the land and weigh the crops accurately, giving to the committee a certificate of the same, and give all possible information thereon over their own signatures, and return the same to the Secretary of the Society, to be published in the annual transactions.

In ascertaining the amount of crop any vessel may be used and the weight of its contents once, multiplied by the number of times it is filled by the crop.

In measuring the land or weighing crops, any competent person may be employed, whether a sworn surveyor or not, and must give certificate.

The certificate shall state the weight of all crops only in a merchantable state.

In ascertaining the amount of a hay crop entered for premium the measurement of the hay in the barn may be employed.

REPORT OF COMMITTEE ON ROOT CROPS.

The committee on Root Crops make the following report:—

To Oscar Gowen of West Newbury for crop of potatoes, first premium,	$8 00
To Cornelius Moynihan of Newbury for a crop of ruta baga turnips, first premium,	8 00
To Samuel Buxton of Peabody, for a crop of onions, first premium,	8 00
To John H. George of Methuen for a crop of onions, second premium,	5 00

Respectfully submitted,
A. B. Fellows, for the Committee.

STATEMENT BY OSCAR GOWEN TO THE COMMITTEE ON ROOT CROPS.

The piece of potatoes which I enter for premium was planted in gravelly soil with clay subsoil. In 1900 the land was sward and cut about one and one-half tons of hay to the acre.

In 1901 it was ploughed and manured with about four cords of barnyard manure to the acre and 300 pounds of Reed's fertilizer in the hills. Planted to garden truck such as squashes, cabbages, turnips, etc.

In 1902, it was manured with about six cords of barnyard manure to the acre, with about 500 pounds of fertilizer with a result of 300 baskets of potatoes to the acre. Planted the Ensign Bayley potatoes. I think if the rot had not affected them there would have been ten bushels more. I would also say that on the same piece of land I have a good stand of raspberry plants set this year. Also, if one third of the manure is left in the ground the profit would be $145 to the acre.

CHARLES E. BARRETT.

STATEMENT OF A CROP OF ONIONS RAISED BY JOHN H. GEORGE IN METHUEN, MASS., 1902.

The crop of 1900 was potatoes manured with Stockbridge Potato Fertilizer. The crop of 1901 was onions; the crop of 1902 was onions, manured with stable manure ploughed in, eight cords on half acre, with about four cords light manure run on the land. The land is peat meadow.

The land was ploughed in the fall of 1901. In the spring the land was harrowed, brushed and dragged; seed sown, six pounds per acre; hoed five times, weeded three times, harvested by being cut up with a circular hoe, picked up into crates at once and placed in onion house. The seed sown was Danvers Yellow Globe.

The product was 486 bushels, sold for 75 cents per bushel within a mile and a half of where they were raised.

The account stands as follows:—

Dr.

To ploughing and preparing land for seeding,	$ 3 00

This may certify that I have measured the land on which the crop of onions grew which are entered by John H. George and it contains one half acre.

FRANK W. GEORGE.

REPORT OF COMMITTEE ON SMALL FRUITS.

There were two entries of small fruits this year. Mr. J. Henry Nason of Boxford, entered a crop of strawberries and Mr. John C. Day of Bradford a crop of raspberries.

Your committee visited Mr. Nason's strawberries during the picking season and found an unusually heavy stand of fruit both ripe and green. Although past mid-season there was a very even and heavy stand of plants, yet the fruit attained good size, good shape, and was very firm. It was an exceptionally fine crop.

The committee visited Mr. Day's crop of raspberries in August and report that it was the best crop of berries they ever had the opportunity to see grow on 65 square rods of land, he having picked 1127 qts. of raspberries from the same and we award to

J. Henry Nason, of Boxford, first premium, $8.
John C. Day of Bradford, first premium, $8.

EDWIN BATES,
W. K. COLE, } Committee.

STATEMENT OF J. HENRY NASON ON STRAWBERRY CROP.

The piece of land which I enter contains 32 square rods. In 1900 it was planted to corn, manured at the rate of 10 cords to the acre. In 1901, the same amount of manure and set to strawberry plants, Sample and Tennessee Prolific, no fertilizer used.

This may certify that I have measured a strawberry bed for J. Henry Nason that contains thirty-two rods, equal to one-fifth of an acre.

JAMES H. WEBSTER.

REPORT OF COMMITTEE ON GRAIN CROPS.

The Committee on Grain Crops had only one entry, that of a crop of oats by Cyrus D. Ordway of West Newbury.

The committee viewed the crop, August 12, and considered it a very fine one and worthy of the society's premium and award the first premium of $7.

D. D. Adams, T. J. King—Committee.

STATEMENT OF CROP.

In 1900 this land was in grass. In 1901, it was ploughed ten inches deep, and harrowed; six cords of barnyard manure to the acre was spread broadcast and harrowed in and planted to corn. In 1902 it was ploughed seven inches deep, harrowed and sowed to oats, three bushels to the acre. Seed silver mine oats of my own raising, the soil was a clay loam.

REPORT OF THE COMMITTEE ON CRANBERRY CROP.

Rockport, Nov. 3, 1902.

To the Trustees of the Essex Agricultural Society :—

Your committee on cranberries make the following report.

We have attended to our duties and visited the cranberry bed of William H. Anderson, of West Boxford, and recommend that he be granted a premium of $7.

Andrew Lane, Chairman.
Oscar Gowen.

STATEMENT CONCERNING A CRANBERRY BED SITUATED IN WEST BOXFORD AND OWNED BY WILLIAM H. ANDERSON.

This bed was made on a peat bog which was from three to ten feet deep, the surface to the depth of one foot was removed, and taken to the barn cellar, eventually paying the expense of its removal. The bog was then covered with three inches of sand at an expense of about sixty dollars

The vines were then set out in rows two feet apart, with six inches between each plant in each row, at an expense of about ten dollars. The cost of weeding during the two following seasons was nearly fifteen dollars.

This bed bore its first crop in six years.

Last year fifty bushels of cranberries were picked from it, and the present season the yield was thirty bushels only.

W. H. Anderson.

I hereby certify that I have measured the foregoing piece of land and it contains forty square rods.

Frank H. Spofford.

REPORT OF THE COMMITTEE ON IMPROVING WET MEADOW AND SWAMP LAND.

Your committee have visited the piece of reclaimed land offered by Mr. Chas. R. Anderson of Boxford and awarded him the first premium of $10.

Sherman Nelson,
E. G. Nason, } Committee.

STATEMENT OF CHAS. R. ANDERSON.

The piece of improved wet meadow we enter for the society's premium contains about two acres.

In the fall of 1899 began hauling on sand spreading it on an average of about six inches deep. The next spring harrowed the sand over so as to level it; then seeded down to herdsgrass and red top. The season being hot and dry the grass didn't make a very good showing the first year. In the spring of 1901 it was top dressed with Swift's Lowell fertilizer, Animal brand, one-half ton; there was about two tons of hay to the acre. In the spring of 1902 there was six bags of fertilizer used for top dressing, with about the same amount of hay as last year. The

total cost of improving this piece of wet meadow land for labor of men and team and material used would be an average of about $75.00 per acre.

Dr.

Improving two acres of wet meadow land,	$150 00
Fertilizer used top dressing, 16 bags, at $1.50 per bag,	24 00
Grass seed,	3 00
	$177 00

Cr.

By eight tons hay at $20 per ton,	$160 00

Respectfully submitted,
CHAS. R. ANDERSON.

REPORT OF THE COMMITTEE ON FOREST TREES.

In response to an entry and invitation from Mr. Francis Randall Appleton the Committee on Forest Trees visited his plantation on Sept. 15, and make the following report:

The trees were more than 500 in number, and when set out were about 18 inches high, brought from a nursery.

The land was prepared by ploughing and harrowing, and the trees have been cultivated between the rows each year, and the owner will so continue this treatment as long as a horse can pass between the trees. The owner says that he believes no tree set out has died, and they all seemed to be in a flourishing condition.

His efforts in these lines seem to deserve consideration, and the committee award the society's premium of a Diploma and $10.

Respectfully submitted,

Francis H. Appleton, John Robinson, David Pingree—Committee.

REPORT OF NEW MEMBERS.

There have been twelve new members added to the society since the last annual report, eleven of whom became members by receiving premiums of seven dollars and upwards, according to the rules of the society, from different cities and towns as follows:—

Beverly,	1	Peabody,	8
Danvers,.	1	West Newbury,	1
Lynnfield,	1		

INSTITUTES.

The society held three Institutes the past year, on as many different days, both forenoon and afternoon, at which the following subjects were discussed by any of the audience who desired.

The first Institute was held at Beverly Jan. 10, the subject for the forenoon being, "Production and sale of milk." Afternoon, "Seeds, How to propagate and get the best," by J. J. H. Gregory of Marblehead.

The second Institute was held at Newbury, Jan. 31. Subject for the forenoon "Brown tail moth and how to control it;" subject for afternoon, "Insects injurious to market gardening," by Prof. H. T. Fernald of the Agricultural College.

The third Institute was held at Haverhill Feb. 21. Subjects, "Variations in the quality of milk and their causes," in the forenoon; afternoon, "Milk Adulterations and Laws," by George M. Whittaker of the Dairy Bureau.

REPORT OF THE STATE INSPECTOR FOR THE FAIR OF 1902.

State Board of Agriculture :—

Your Inspector visited the Essex County Fair at Peabody, arriving there Wednesday forenoon, September 17, and found on arrival a successful fair in operation, and was warmly welcomed by President Appleton and Secretary Danforth and other members of the society. He was pleased with the exhibits, both in the hall and on the grounds. The show of cattle was fine, though I was told it was not up to former years. There were some fine specimens of horses on exhibition. This is one of the few societies of the state that have no horse trotting, and still it seems to draw the crowd and have what seemed to me nearer an old fashioned Cattle Show than any I have had the pleasure of visiting. The next day there was a fine parade of farmers' teams with the products of the farm, and the merchants and trades were also well represented, adding very much to the occasion and no doubt increasing the attendance and receipts very much. The old society seems strong and has men of energy for its officers and members and appears in every way worthy of the bounty of the state.

(Signed) HENRY A. TURNER, Inspector.

CONSTITUTION

OF THE

ESSEX AGRICULTURAL SOCIETY.

ARTICLE 1. There shall be a President, four Vice Presidents, a Secretary and a Treasurer, who shall be Trustees, *ex-officio*, and one Trustee from each city and town in the county. The President, Vice Presidents, Secretary and one Trustee from each city and town in the county shall be elected at the annual meeting by ballot, and the Treasurer by the Trustees annually at their meeting in November. Nominations for Trustees may be made by any member or members of the Society from the city or town from which he is to be elected for at least one week before said meeting to the Secretary, and he shall prepare ballots for the same.

ART. 2. There shall be an Annual Meeting of the Society, at such times as the Trustees shall determine, at which all officers shall be elected. Twenty members at least shall be necessary to constitute a quorum for the transaction of business.

ART. 3. If at any meeting of the Society, or the Trustees, the President and Vice Presidents shall be absent, the members present may appoint one from among them to preside at such meeting.

ART. 4. The President, or in case of his absence, either of the Vice Presidents, with the advice of the Trustees, may call a special meeting of the Society; or whenever a written application, with the reason assigned therefor, shall be made by any twelve members of the Society to the President and Trustees, they shall call such meeting.

ART. 5. The meetings of the Trustees shall be held at such time and place as they shall from time to time agree upon; seven of whom, with the presiding officer, shall make a quorum.

ART. 6. The trustees shall regulate all the concerns of the Society during the intervals of its meetings; propose such objects of improvement to the attention of the public, publish such communications, and offer such premiums in such form and value as they think proper (provided the premiums offered do not exceed the funds of the Society); and shall lay before the Society at each of its meetings a statement of their proceedings and of the communications made to them.

ART. 7. The Secretary shall take minutes of all the votes and proceedings of the Society and of the Trustees, and enter them in separate books; and shall record all such communications as the Trustees shall direct. He shall write and answer all letters relating to the business of the Society.

ART. 8. The Treasurer shall receive all monies due or payable to the Society, and all donations that may be made to it, for which he shall give duplicate receipts, one of which shall be lodged with the Secretary, who shall make a fair record thereof. The Treasurer shall from time to time pay out such monies as he shall have orders for from the Trustees; and shall annually, and whenever thereto required, render a fair account of all his receipts and payments to the Society or a committee thereof. He shall give bonds for the faithful discharge of his duty in such sum as the Trustees shall direct, and with such sureties.

ART. 9. A committee shall be appointed annually by the trustees to audit the Treasurer's accounts, who shall report to the Society; and the same being accepted, shall be entered by the Secretary in his books.

ART. 10. In case of death, resignation, incapacity, or removal out of the county, of the Secretary or of the Treasurer, the Trustees shall take charge of the official books, papers, and other effects belonging to the office that may be vacated, and give receipts for the same, which books, papers, etc., they may deliver to some person whom they may appoint to fill the office until the next meeting of the Society, at which time there shall be a new choice.

ART. 11. *Any citizen of the county may become a member of the Society by paying the sum of THREE DOLLARS to increase the permanent fund of the institution.

ART. 12. A committee shall be raised from time to time to solicit and receive subscriptions for raising a fund for encouraging the noblest of pursuits, the Agriculture of our county, the same to be sacredly appropriated to that purpose.

ART. 13. All ordained ministers of the gospel who reside within the county shall be admitted honorary members of the Society.

ART. 14. In addition to the usual number of Trustees annually elected, the past Presidents of the Society shall be honorary members of the Board of Trustees.

ART. 15. The foregoing constitution may be amended by a proposition of the amendment in writing by a member at a regular meeting; the same to lie over for the action at the next annual meeting of the Society.

---

*Members will receive from the Secretary a "certificate of membership." No fines or assessments are ever imposed. Members are entitled to vote in all its transactions, with free use of the Library and a copy of the printed "Transactions" each year.

PREMIUM LIST OF

Essex Agricultural Society

FOR THE

EIGHTY-THIRD ANNUAL CATTLE SHOW AND FAIR.

Duties of Trustees.

The trustee of each town is instructed to see the several members of Committees in his town previous to the Show, and urge upon them the importance of attending to their duties. Also impress upon exhibitors from localities near to the Exhibition the importance of entering their exhibits for the hall the afternoon and evening of Monday, in fairness to those from a distance, who are obliged to come Tuesday.

To be prompt at the meeting in June for filling Committees, and making sure that the names proposed at those meetings are of persons who will serve.

Duties of Committees.

Committees on live stock and articles exhibited on the Fair Grounds should appear at the Secretary's office on the grounds, at twelve o'clock, punctually, on the first day of the exhibition, and there organize, take the books of entry, and proceed at once to business. Committees in hall should take the books of entry from the Superintendent promptly after the entries close.

Full reports of awards by committees, on the blanks furnished by the Secretary, to be signed by all the members act ing on the same, are required of each committee.

Three members of any committee consisting of more than that number are authorized to act.

☞No member of the Society shall act on any committee of which he is an exhibitor in the same class.

The diploma of the Society being considered the highest premium that can be awarded, no committee is authorized to award it, except for animals and articles *of special merit*, deserving of endorsement and recommendation by the Society.

No committee is authorized to award gratuities, except the committee on agricultural implements, carriages, bread, honey and canned fruits, domestic manufactures, fruits, vegetables in hall, and flowers; or any premium, unless the rules of the Society have been strictly complied with. Neither shall they award premiums or gratuities in excess of the amount appropriated.

No gratuity is to be awarded of less than fifty cents, except on work by children, and none in that class less than twenty-five cents.

The several committees are requested to affix premium cards, and also on animals blue and red printed premium ribbons (which may be had of the Secretary or assistants on the grounds and at the hall), for the several animals or articles designating the grade of premium awarded each, and the name of the person to whom awarded, and especial care should be taken that the cards issued correspond with the awards in their report to the Society.

The reports of awards of premiums on animals and articles exhibited at the Show, must be delivered promptly to the Secretary for announcement on Thursday.

The Society offers liberal premiums for the best reports of committees; and the chairman of the several committees are requested to present to the Secretary a full report explanatory of the opinions of the committee on the matter referred to them, within two weeks after the awards are made at the Show, for publication in the Transactions.*

Reports on farms, crops, etc., to be presented previous to the meeting of the Trustees in November.

Any member of a committee who cannot serve on the same *is requested to give notice* to the Secretary, *before the show*, so that the vacancy may be filled.

Each member of the several committees will receive a ticket of admission to the hall of exhibition on application to the Secretary.

---

*Chairmen of committees will please notice this request.

General Rules.

Competitors are requested to carefully read the rules and premium list before making entries.

Claim (entries) for premiums to be awarded at the Exhibition on the Fair Grounds, other than live stock, must be entered with the Secretary of the Society, or his agent, and in the Exhibition Hall, on or before 11 A. M., of the first day thereof.

All entries of live stock must be entered with the Secretary at least one week previous to the holding of the Fair and no entries will be received after that date.

Any person *not a member of the Society*, awarded seven dollars and upwards, shall receive a certificate of membership, for which three dollars of his award will be taken to increase the funds of the Society.

Diplomas awarded will be delivered and premiums paid, to the person to whom the premium or gratuity is awarded or an agent duly authorized, on application to the Treasurer, at First National Bank, Salem, on and after the first Monday of November.

All premiums and gratuities awarded, the payment of which is not demanded of the Treasurer on or before the first day of May next succeeding the Exhibition, will be considered as given to increase the funds of the Society.

In all cases the reports of awards of premiums and gratuities made by the several committees and adopted by the Society shall be final. *Committees should see that the premium cards issued, correspond with the premiums and gratuities awarded in their reports.*

No person shall be entitled to receive a premium, unless he complies with the conditions on which the premiums are offered, and by proper entry as required, gives notice of his intention to compete for the same; and committees are instructed to award no premium unless the animal or article offered is worthy.

No animal or object that is entered in one class, with one committee, shall be entered in another class, except farm horses which may be entered for fast walking, and milch cows, which may be entered with a herd.

All stock eligible for premiums must be owned by residents and kept in the county.

In regard to all subjects for which premiums are offered, it is to be distinctly understood that the Trustees reserve to themselves the right of judging the quality of the animal or

article offered; and that no premium will be awarded unless the objects of them are of decidedly superior quality.

Pure Bred Animals, defined by the State Board of Agriculture.

The Proof that an animal is so bred should be a record of the animal or its ancestors, as recorded in some herd book, recognized by leading breeders, and the public generally, as complete and authentic.

Standard adopted:—American Jersey C. C. Register and American Jersey Herd Book, Ayrshire Record and Holstein Herd Book.

Premiums to be Awarded at the Show.

The Committees will take notice that no premium will be awarded unless the animals or objects are of a decidedly superior quality.

DIPLOMAS may be awarded for ANIMALS OR ARTICLES of *special* merit, in all departments of the Fair.

In case of a deficiency in the receipts at the Fair in any year, the society reserves the right to reduce the premiums offered, pro rata, not to exceed one half the amount offered.

Cattle and Other Farm Stock.

TO BE ENTERED IN THE NAME OF THEIR REAL OWNER.

All animals to be eligible to a premium, shall have been raised by the owner within the County, or owned by the exhibitor within the County, four months previous to the date of exhibition, except Working Oxen and Working Steers.

All animals entered for premium or exhibition, will be fed during the Exhibition, and longer, when they are, of necessity, prevented from leaving, at the expense of the Society.

Plants and Flowers.

RULES AND REGULATIONS.

1. All plants and flowers for competition and exhibition must be entered for examination by the committee on or before eleven o'clock on the first day of the fair, and all such plants and flowers must have been grown by the competitor, except native plants and flowers and flowers used in bouquets, and baskets of flowers and floral designs, all of which (plants and flowers) must have been grown within the County.

2. When a certain number or quantity of plants and flowers is designated in the schedule, there must be neither more nor less than that number or quantity of specimens shown.

3. When only one premium from each exhibitor is offered for any article, only a single specimen or collection can compete, but when a second or third premium is offered, one, two or three specimens or collections may be exhibited for competition, but no variety can be duplicated.

4. No premium shall be awarded unless the specimens exhibited are of superior excellence, possessing points of superiority and worthy of such premium, not even if they are the only ones of their kind on exhibition.

5. No specimen entered for one premium shall be admitted in competition for another different premium.

6. Competitors will be required to furnish information (if the committee so request), as to their modes of cultivation, or in the case of native plants and flowers, where such were found.

7. All plants exhibited for premiums must have the name legibly and correctly written on stiff card, wood or some other permanent and suitable substance, and so attached to same as to be easily seen. Flowers when specified to be named to comply also with above rule.

8. Plants in pots to be entitled to premiums must show skilful culture in the profusion of bloom and in the beauty, symmetry and vigor of the specimens; also bouquets, baskets, design work, etc., must show taste, skill, and harmony in arrangement, both as to colors and material they are made of, and purposes for which they are intended.

9. All flowers exhibited must be shown upon their *own stem*, flowers in "Design" work alone excepted; and this exception, if overcome and avoided, to be taken into account by the committee in awarding the premiums.

10. The Committee are authorized to award gratuities for any new and rare plants and flowers or "Designs of merit" for which no premium is offered, but in no case shall the total sum (premiums and gratuities together) on plants and flowers exceed the amount, $125, limited by the Society for this department.

11. No member of the committee for awarding premiums or gratuities shall in any case vote, or decide respecting an award for which such member may be a competitor, or in which he may have an interest, but in such case such member shall *temporarily* vacate his place upon the Committee, and such vacancy for the time being may be filled by the remaining members of the Committee, or they may act without.

12. Attention is again called to above Rules and Regulations for plants and flowers, and General Rules of the Society, and all articles not entered in conformity therewith will be disqualified, and premiums will be awarded only to exhibitors who have complied with said Rules, etc.

Committee on plants and flowers will take notice.

FEED AND CARE.

The Winter feed of these cows has been dry fodder, consisting in part of English hay, 1st and 2d crops, with oat and pea hay, and corn fodder. The grain rations consist of 1 part of gluten feed, 2 parts bean and 1 part cotton seed meal, feeding 10 quarts per day at two feeds. Watered in barn twice a day. Carded and brushed once a day. In Summer, the cows are turned to pasture and the grain ration reduced one-half during the early part of the season, but the grain ration is increased as the pasture feed drys and shortens up, and green fodder is fed once a day at first, but about Aug. 15th, it is fed twice a day. Have been feeding Japanese Barn Yard Millit this season with very satisfactory results.

Respectfully submitted,

JAMES C. POOR.

The exhibition of Agricultural implements was remarkably poor in the smaller hand implements, indeed there was an utter deficiency of plows, harrows, hoes, shovels, spades and hand planters. The only attempt to cover the large area usually devoted to these was, the little spot occupied, or used by the old gentleman's patch, with his sod cutter tools. We can account for the absence of Mr. Colcord, for years an exhibitor of the latest inventions in agricultural implements, and

always on hand to interest farmers in their strong points; but where was Mr. Fuller, with his own original inventions to which we have been happy to invite attention for many years past? His inventions are an honor to the county, and this committee has always handled them in a broad, liberal way, in full sympathy with the spirit of the inventor. Messrs. Whitcomb and Carter have in former years exhibited very extensively, and we would heartily welcome them again to their old place.—If in the future, by any accident, the entry of articles on exhibition has been omitted from the book handed the committee, I believe it will be a wise way to make such entries at the exhibition tent, in the committee's book, and call attention to the fact when returning it to the Secretary—This appears to me the shortest way out of an unpleasant dilemma, and one by which all interests will be properly protected and harmonized.

The two most interesting exhibits were the "New American Cultivator" and the "Blizzard Ensilage Cutter." This cultivator embodies a form much used by our brother farmers of the Maine region. We first came in contact with it about a dozen years ago, at the New York State Fair at Rochester, where we went with new agricultural implements as a special object. We purchased one at the time and have had it in our use ever since. Ours straddles the row, and the two halves are completely under the control of the man who walks behind, to be run as near the plant as he wills. We have used it principally for cabbage, but with the shields that come with it it is equally suitable for corn and like crops when very young and at any state of their growth, up to about 18 inches in height. The teeth are arranged to run deeper into the ground then are those of common cultivators. It has done good work with us and given satisfaction. The New American includes the same principal, but has several improvements and addi-

tional capacities added, for it is a harrow, a grass seed and grain sower, a potato planter and digger, and withal the driver rides, controlling the teeth when they straddle the run with his feet. By the use of a lever he can raise the teeth above the ground when turning at the ends of his rows. Price of machine and parts $65.00; manufactured at Detroit, Mich.

We heard one criticism given of it as a harrow; "It brings too much to the surface and clogs badly" Our own machine is not fitted for harrow uses. The Blizzard ensilage cutter appeared to be a strongly made machine, and among the dozen and more good points claimed for it were these that will especially interest these of our brother farmers who have silos to fill. It was claimed for it that when run by a 6-horse power gasoline engine it could blow the ensilage from 15 to 25 feet up into the silo, thus doing away with the necessity of a carrier; by a single movement of a lever it could be cleared when clogged, and by the movement of another lever the action could be reversed instantly, and possible injury from any foreign substance be prevented. It had also a shredder attachment on the plates holding the knives. The Blizzard was exhibited by Mr. W. J. Monroe of Lynnfield. The gasoline engine has certainly come to stay, at least until Edison gets his stationary battery before the public under practical working conditions. There were four of the gasoline engines on the grounds, three of which were designed for use on the farm, for sawing, cutting or grinding. Having some idea of purchasing one for our use we have recently received in answer to request, circulars and explanatory letters from every manufacturer who advertised them. The cheapest offered is from Montgomery Ward and Co., of Chicago, Ill. It is a 2½ horse power, weight 500 lbs. and is priced at $98.50. They send circulars giving full descriptions. This is of sufficient power for pumping or

churning, but for silo work one of just double that capacity is needed. The Essex Stationary engines exhibited by W. J. Young Machine Co., of Lynn, were from 2 to 4 horse power capacity; the price of the former being $125.00 and of the latter $225.00. We note that in their circular they do not recommend either for use for ensilage. As possibly some of my brother farmers may be in want of a gasoline engine I will give the address of six of the firms from whom I have received circulars, Messrs. Turner & Schuarzenberg, Lawrence, Mass., Fairbanks Co., 38-44 Pearl St., Boston, Charter Gas Engine Co., Sterling, Ill. Lunt, Moss & Co., 43 South Market St., Boston, and Chas. J. Jagu Co., 166-168 High St., Boston. The awards of the committee were as follows:—

SMALL FRUITS.

The Committee on small fruits submit the following report. There was but one entry, that of John C. Day, for a crop of raspberries, which were very fine, the committee awarded him the first premium of $8.

It is a lamentable fact that only one entry should be made when we have more than 150 acres in the county devoted to small fruits.

O. S. Butler, for the Committee.

STATEMENT OF JOHN C. DAY.

My "raspberry piece" contains about sixty-five (65) square rods.

About half of it was set about nine (9) or ten (10) years ago and the rest about six years ago.

I estimate use of land, cost of cultivating and trimming at twenty-five dollars ($25) for the year, the cost of picking and marketing the season's crop at forty-five dollars ($45) making expenses seventy dollars ($70) in all.

We picked seven hundred and fifteen (715) quarts of berries which were worth this year 20 cents a quart making the value of the crop one hundred and forty-three dollars ($143).

Respectfully yours,

JOHN C. DAY.

INSTITUTES.

The society held three Institutes the past year, on as many different days, both forenoon and afternoon, at which the following subjects were discussed by any of the audience who desired.

The first Institute was held at Andover, Jan. 23, the subject for the forenoon being, "The Phrenology of a farm, The characteristics of its owner judged by its physical condition." Afternoon, "Tree culture from a financial standpoint," Appeal for planting nut bearing trees. By Dr. H. G. Leslie of Amesbury.

The second Institute was held at Beverly Feb. 13, Subject for the forenoon, "Growing protein for the dairy herd." Afternoon, "How may we conserve the natural fertility of the soil." By Prof. C. S. Phelps of the Conn. Agricultural College.

The third Institute was held at Newbury, Feb. 27. Subject for forenoon, "Essential points in Milk production." Afternoon, "New Agriculture, or, a system of Farming for success." By Prof. J. W. Sanborn.

REPORT OF THE STATE INSPECTOR FOR THE FAIR OF 1903.

J. Lewis Ellsworth, Sec.,
State Board of Agriculture,
State House, Boston, Mass.

Dear Sir:

Your Inspector attended the Essex County Fair held at Peabody, Sept. 22, 23 and 24, arriving in Salem in season to join the Floral Parade, Wednesday, the 22d. This was one of the features of that day and was certainly one of the finest parades ever seen in the state. There were over sixty entries and every team showed a great deal of taste and the parade was pronounced a success by everyone who saw it. The grounds are situated on high land and the attendance was very satisfactory to the management.

Cattle. The exhibition of cattle included something over 100 head, mostly of the black and white breeds. There were some very nice animals and the new cattle

shed which was erected a short time ago was nearly full. The stock showed that it had received the best of care and the exhibition in this department was very fine.

HORSES. The exhibition of horses was not large, but what there were were mostly family horses.

SHEEP. The exhibition of sheep was very small, only two or three pens.

SWINE. The exhibition in this department was very large; something over twenty pens and the exhibition was a credit to any society.

ANGORA GOATS. There were two large pens of very fine specimens, which attracted a great deal of attention.

POULTRY. The poultry building was well filled: it included nearly all the standard breeds of fowls as well as a very large exhibition of geese, ducks and turkeys.

FLOWERS. The exhibition of flowers was very large and some very choice collections were exhibited, including several specimens of ferns, potted plants and cut flowers.

VEGETABLES. This department was not large, but with the addition of a large Grange Exhibition, the room devoted to this department was well filled and the vegetables shown were very fine.

LEATHER GOODS. This town being especially interested in leather, there were special premiums for articles manufactured from this material, which included harnesses, shoes, etc.

FANCY ARTICLES. The entries in this class were very large and fine.

AGRICULTURAL IMPLEMENTS. In a large tent was a very nice exhibition of agricultural tools, gasoline engines, etc. These were in operation and attracted a great deal of attention.

Carriages and Wagons. There was a very fine exhibit in this department, including both light and heavy delivery wagons, also private carriages.

The grounds had a very neat appearance; there was nothing that was immoral or illegal seen on the grounds. There was nothing to criticise, but the departments which your Inspector thought might be improved upon would be the horse and sheep departments, where the entries were not large.

The fruit, flowers, vegetables and fancy articles were exhibited in the town hall, which is located only a short distance from the grounds. Both are opened to visitors evenings, which adds very much to the revenue derived from the admission fees.

Respectfully submitted,

(Signed) Walter D. Ross, Inspector.

CONSTITUTION

OF THE

ESSEX AGRICULTURAL SOCIETY.

ARTICLE 1. There shall be a President, four Vice Presidents, a Secretary, and a Treasurer, who shall be Trustees, *ex-officio*, and one Trustee from each city and town in the county. The President, Vice Presidents, Secretary and one Trustee from each city and town in the county shall be elected at the annual meeting by ballot, and the Treasurer, by the Trustees annually at their meeting in November. Nomination for Trustees may be made by any member or members of the Society from the city or town from which he is to be elected for at least one week before said meeting to the Secretary, and he shall prepare ballots for the same.

ART. 2. There shall be an Annual Meeting of the Society, at such times as the Trustees shall determine, at which all officers shall be elected. Twenty members at least shall be necessray to constitute a quorm for the transaction of business.

ART. 3. If at any meeting of the Society, or the Trustees, the President and Vice Presidents shall be absent, the members present may appoint one from among them to preside at such meeting.

ART. 4. The President, or in case of his absence, either of the Vice Presidents, with the advice of the Trustees, may call a special meeting of the Society ; or whenever a

written application, with the reason assigned therefor, shall be made by any twelve members of the Society to the President and Trustees, they shall call such meeting.

ART. 5. The meetings of the Trustees shall be held at such time and place as they shall from time to time agree upon; seven of whom, with the presiding officer, shall make a quorum.

ART. 6. The trustees shall regulate all the concerns of the Society during the intervals of its meetings; propose such objects of improvement to the attention of the public, publish such communications, and offer such premiums in such form and value as they think proper (provided the premiums offered do not exceed the funds of the Society); and shall lay before the Society at each of its meetings a statement of their proceedings and of the communications made to them.

ART. 7. The Secretary shall take minutes of all the votes and proceedings of the Society and of the Trustees, and enter them in separate books; and shall record all such communications as the Trustee shall direct. He shall write and answer all letters relating to the business of the Society.

ART. 8. The Treasurer shall receive all monies due or payable to the Society, and all donations that may be made to it, for which he shall give duplicate receipts, one of which shall be lodged with the Secretary, who shall make a fair record thereof. The Treasurer shall from time to time pay out such monies as he shall have orders for from the Trustees; and shall annually, and whenever thereto required, render a fair account of all his receipts and payments to the Society or a committee thereof. He shall give bonds for the faithful discharge of his duty in such sum as the trustees shall direct, and with such sureties.

ART. 9. A committee shall be appointed annually by

the trustees to audit the Treasurer's accounts, who shall report to the Society; and the same being accepted, shall be entered by the Secretaries in his books.

ART. 10. In case of death, resignation, incapacity, or removal out of the county, of the Secretary or of the Treasurer, the Trustees shall take charge of the official books, papers, and other effects belonging to the office that may be vacated, and give receipts for the same, which books, papers, etc., they may deliver to some person whom they may appoint to fill the office until the next meeting of the Society, at which time there shall be a new choice.

ART. 11. *Any citizen of the county may become a member of the Society by paying the sum of THREE DOLLARS to increase the permanent fund of the institution.

ART. 12. A committee shall be raised from time to time to solicit and receive subscriptions for raising a fund for encouraging the noblest of pursuits, the Agriculture of our county, the same to be sacredly appropriated to that purpose.

ART. 13. All ordained ministers of the gospel who reside within the county shall be admitted honorary members of the Society.

ART. 14. In addition to the usual number of Trustees annually elected, the past Presidents of the Society shall be honorary members of the Board of Trustees.

ART. 15. The foregoing constitution may be amended by a proposition of the amendment in writing by a member at a regular meeting; the same to lie over for the action at the next annual meeting of the Society.

---

*Members will receive from the Secretary a "certificate of membership." No fines or assessments are ever imposed. Members are entitled to vote in all its transactions, with free use of the Library and a copy of the printed "Transactions" each year.

PREMIUM LIST OF

Essex Agricultural Society

FOR THE

EIGHTY-FOURTH ANNUAL CATTLE SHOW AND FAIR.

Duties of Trustees.

The trustee of each town is instructed to see the several members of Committees in his town previous to the Show, and urge upon them the importance of attending to their duties. Also impress upon exhibitors from localities near to the Exhibition the importance of entering their exhibits for the hall the afternoon and evening of Monday, in fairness to those from a distance, who are obliged to come Tuesday.

To be prompt at the meeting in June for filling Committees, and making sure that the names proposed at those meetings are of persons who will serve.

Duties of Committees.

Committees on live stock and articles exhibited on the Fair Grounds should appear at the Secretary's office on the grounds at twelve o'clock, punctually, on the first day of the exhibition, and there organize, take the books of entry, and proceed at once to business. Committees in hall should take the books of entry from the Superintendent promptly after the entries close.

Full reports of awards by committees, on the blanks furnished by the Secretary, to be signed by all the members acting on the same, are required of each committee.

Three members of any committee consisting of more than that number are authorized to act.

☞No member of the Society shall act on any committee of which he is an exhibitor in the same class.

The diploma of the Society being considered the highest premium that can be awarded, no committee is authorized to award it, except for animals and articles *of special merit*, deserving of endorsement and recommendation by the Society.

No committee is authorized to award gratuities, except the committee on agricultural implements, carriages, bread, honey and canned fruits, domestic manufactures, fruits, vegetables in hall, and flowers ; or any premium, unless the rules of the Society have been strictly complied with. Neither shall they award premiums or gratuities in excess of the amount appropriated.

No gratuity is to be awarded of less than fifty cents, except on work by children, and none in that class less than twenty-five cents.

The several committees are requested to affix premium cards, and also on animals blue and red printed premium ribbons (which may be had of the Secretary or assistants on the grounds and at the hall), for the several animals or articles, designating the grade of premium awarded each, and the name of the person to whom awarded, and especial care should be taken that the cards issued correspond with the awards in their report to the Society.

The reports of awards of premiums on animals and articles exhibited at the Show, must be delivered promptly to the Secretary for announcement on Thursday.

Any member of a committee who cannot serve on the same *is requested to give notice* to the Secretary, *before the show*, so that the vacancy may be filled.

Each member of the several committees will receive a ticket of admission to the hall of exhibition on application to the Secretary.

General Rules.

Competitors are requested to carefully read the rules and premium list before making entries.

Claim (entries) for premiums to be awarded at the Exhibition on the Fair Grounds, other than live stock, must be entered with the Secretary of the Society, or his agent, and in the Exhibition Hall, on or before 11 A. M., of the first day thereof.

All entries of live stock must be entered with the Secretary at least one week previous to the holding of the Fair and no entries will be received after that date.

Any person *not a member of the Society*, awarded seven dollars and upwards, shall receive a certificate of membership, for which three dollars of his award will be taken to increase the funds of the Society.

Diplomas awarded will be delivered and premiums paid, to the person to whom the premium of gratuity is awarded or an agent duly authorized, on application to the Treasurer, at Salem Safe Deposit and Trust Co., Salem, on and after the first Monday of November.

All premiums and gratuites awarded, the payment of which is not demanded of the Treasurer on or before the first day of May next succeeding the Exhibition, will be considered as given to increase the funds of the Society.

In all cases the reports of awards of premiums and gratuities made by the several committees and adopted by the Society shall be final. *Committees should see that the premium cards issued, correspond with the premiums and gratuities awarded in their reports.*

No person shall be entitled to receive a premium, unless he complies with the conditions on which the premiums are offered, and by proper entry as required, gives notice of his intention to compete for the same ; and committees are instructed to award no premium unless the animal or article offered is worthy.

No animal or object that is entered in one class, with one committee, shall be entered in another class, except farm horses which may be entered for fast walking, and Milch Cows which may be entered with a herd.

All stock eligible for premiums must be owned by residents and kept in the county.

In regard to all subjects for which premiums are offered, it is to be distinctly understood that the Trustees reserve to themselves the right of judging the quality of the animal or article offered ; and that no premium will be awarded unless the objects of them are of decidedly superior quality.

Pure Bred Animals, defined by the State Board of Agriculture.

The Proof that an animal is so bred should be a record of the animal or its ancestors, as recorded in some herd book, recognized by leading breeders, and the public generally, as complete and authentic.

Standard adopted:—American Jersey C. C. Register and American Jersey Herd Book, Ayrshire Record and Holstein Herd Book.

Premiums to be Awarded at the Show.

The committee will take notice that no premium will be awarded unless the animals or objects are of a decidedly superior quality.

DIPLOMAS may be awarded for ANIMALS or ARTICLES of *special* merit, in all departments of the Fair.

In case of a deficiency in the receipts at the Fair in any year, the society reserves the right to reduce the premiums offered, pro rata, not to exceed one-half the amount offered.

Plants and Flowers.

RULES AND REGULATIONS.

1. All plants and flowers for competition and exhibition must be entered for examination by the committee on or before eleven o'clock on the first day of the fair, and all such plants and flowers must have been grown by the competitor, except native plants and flowers and flowers used in bouquets, and baskets of flowers and floral designs, all of which (plants and flowers) must have been grown within the County.

2. When a certain number or quantity of plants and flowers is desiguated in the schedule, there must be neither more nor less than that number or quantity of specimens shown.

3. When only one premium from each exhibitor is offered for any article, only a single specimen or collection can compete, but when a second or third premium is offered, one, two or three specimens or collections may be exhibited for competition, but no variety can be duplicated.

4. No premium shall be awarded unless the specimens exhibited are of superior excellence, possessing points of superiority and worthy of such premium, not even if they are the only ones of their kind on exhibition.

5. No specimen entered for one premium shall be admitted in competition for another different premium.

6. Competitors will be required to furnish information (if the committee so request), as to their modes of cultivation, or in the case of native plants and flowers, where such were found.

7. All plants exhibited for premiums must have the name legibly and correctly written on stiff card, wood or some other permanent and suitable substance, and so attached to same as to be easily seen. Flowers when specified to be named to comply also with above rule.

8. Plants in pots to be entitled to premiums must show skilful culture in the profusion of bloom and in the beauty, symmetry and vigor of the specimens; also bouquets, baskets design work, etc., must show taste, skill, and harmony in arrangement, both as to colors and material they are made of, and purposes for which they are intended.

9. All flowers exhibited must be shown upon their *own stem*, flowers in "Design" work alone excepted; and this exception, if overcome and avoided, to be taken into account by the committee in awarding the premiums.

10. The committee are authorized to award gratuities for any new and rare plants and flowers or "Designs of merit" for which no premium is offered, but in no case shall the total sum (premiums and gratuities together) on plants and flowers exceed the amount, $125, limited by the Society for this departments.

11. No member of the committee for awarding premiums or gratuities shall in any case vote, or decide respecting an award for which such member may be a competitor, or in which he may have an interest, but in such case such member shall *temporarily* vacate his place upon the Committee, and such vacancy for the time being may be filled by the remaining members of the Committee, or they may act without.

12. Attention is again called to above Rules and Regulations for plants and flowers, and General Rules of the Society, and all articles not entered in conformity therewith will be disqualified, and premiums will be awarded only to exhibitors who have complied with said Rules, etc.

Committee on plants and flowers will take notice.

TRANSACTIONS

FOR THE YEAR 1904.

OF THE

ESSEX AGRICULTURAL SOCIETY

(Organized 1818.)

FOR THE

COUNTY OF ESSEX.

And the Premium List of 1905.

PUBLISHED BY ORDER OF THE SOCIETY.

SALEM, MASS.,
NEWCOMB & GAUSS, PRINTERS.
1904.

EIGHTY-FOURTH.

Annual Cattle Show and Fair.

REPORT OF THE ANNUAL MEETING.

The annual meeting of the society was held in the Peabody Institute at Peabody, Sept. 22, 1904.

Vice President Sherman Nelson called the meeting to order at 9.45 o'clock A. M.

A motion was made by Gen. F. H. Appleton and seconded by several others that Mr. Frederick A. Russell of Methuen be elected by acclamation as President of this Society for the ensuing year. And it was so voted and Mr. Russell was unanimously elected.

Gen. Appleton escorted Mr. Russell to the chair who thanked the meeting for the honor conferred upon him and made some appropriate remarks.

Upon motion of Mr. James C. Poor it was voted that the Secretary cast one of the printed ballots, there being but one ticket for four Vice Presidents and Secretary for the ensuing year.

Voted—To take up the ballot for Trustees and go through the ticket, each town separately, and amend it, which was done, and it was voted—that the Secretary cast one ballot for the list of trustees,which was done, and the following officers of the society were declared elected.

PRESIDENT.

Frederick A. Russell of Methuen.

VICE-PRESIDENTS.

James J. H. Gregory of Marblehead.
Asa P. Newhall of Lynn.
Sherman Nelson of Georgetown.
Ira J. Webster of Haverhill.

SECRETARY.

John M. Danforth of Lynnfield.

The committee appointed by the trustees at their June meeting to submit resolutions on the death of Rev. Oliver S. Butler of Georgetown and Capt. H. G. Herrick of Lawrence made their report as follows, and it was accepted and adopted and ordered to be printed in the Transactions.

Capt. Horatio G. Herrick died April 18, 1903, in the seventy-ninth year of his age. Rev. Oliver Smith Butler died Dec. 27, 1903, having lived to the age of seventy seven years. The fulness of time had come, although he had retained the dew of his youth, and the freshness of his heart, so his death seemed sudden and unexpected.

Resolved—That we deeply deplore the loss of our associates and friends who were for many years so closely and devotedly allied to the interests of this society, and the one having held the high honor of having been its President, and the other for many years its honored Vice President. That they gave cheerfully their best efforts to Education, Science and Agriculture, and manifested an earnest desire to serve friends in want and to console them in seasons of affliction.

Resolved—That their presence in all assemblies contributed a certain ideal charm. The glow of heart and intel

lect made the air mild and genial about them. That their tactful wisdom and eloquence with unflagging zeal and faith carried an influence of rare power among their many friends.

Resolved—That their memory is deeply engraved on the hearts of many who have shared in deep sorrow and have been partakers of their ministrations and love. That their death has caused a void, which many years of patient waiting will find unfilled.

Resolved—That we extend our sympathy to their respective families in this hour of their affliction and grief.

In Memoriam.

OF REV. O. S. BUTLER.

He has gone from our midst and we miss him,
  He was ever a counselor true,
Ready to give of his service
  Whatever was needed to do.

His cheer and his hearty rejoinder
  Won friends to him everywhere,
And many the homes that delighted
  With him their best comfort to share.

He sorrowed with those who were mourning,—
  His tenderness, who can forget?
Ah! many a heart that is aching
  Will long for his sympathy yet.

His trust and his faith let us cherish
  For it entered within the veil,
And God who is ruler forever
  Will never his children fail.

ANNIE STEVENS PERKINS.

Lynnfield Centre, Mass.

Voted to adjourn.

JOHN M. DANFORTH, Secretary.

SMALL FRUITS.

The committee on small fruits submit the following report. There was but one entry, that of George A. Rea, of North Andover, for a crop of strawberries which were very

fine, and all things considered one of the best crops they ever saw. The berries were large size, very even in color, on strong healthy vines, and we award him the first premium of $7.

STATEMENT OF GEORGE A. REA.

The piece of land entered for premium contains twenty-nine square rods. In 1902 it produced a large crop of strawberries. As soon as the crop was off a heavy dressing of manure was plowed under and the land planted to fodder corn yielding a fine crop. In the spring of 1903, another dressing of manure was put on and the land set to strawberry plants, varieties, Sample and Tennessee. The cost of setting plants and care of them, exact account not being kept, was about $25 00

INSTITUTES.

The society held three Institutes the past year, on as many different days, both forenoon and afternoon, at which the following subjects were discussed by any of the audience who desired.

The first Institute was held at Haverhill, Jan. 15th, the subject for the forenoon being, "Doing one's best, as applied to Dairying." "Clean Milk." Afternoon, "Agricultural Education." "Farm Homes." By P. M. Harwood, Gen. Agent of the Dairy Bureau.

The second Institute was held at Beverly, Feb. 5th. Subject for the forenoon, "Market Gardening," "Small Fruits and Vegetables." Afternoon, "Growing and Exhibiting Vegetables." By H. R. Kinney of Worcester.

The third Institute was held at Newbury, Feb. 19th. Subject for the forenoon, "Mixed Farming, Its advantages." Afternoon, "Patron's Fire Insurance, How it benefits the Farmer." By C. D. Richardson of West Brookfield.

REPORT OF THE STATE INSPECTOR FOR THE FAIR OF 1904.

Worcester, Mass., Nov. 25, 1904.

The fair of the Essex Agricultural Society, was held at Peabody, September 20, 21 and 22, 1904. I had the pleasure of inspecting this fair. It was held along somewhat different lines than most agricultural fairs, in the fact that there was no horse trotting. The exhibit of cattle was good, but a very small showing in other lines of domestic animals. The display of fruit, flowers and fancy articles was held at the town hall and it was one of the best I have ever seen. The exhibition of fancy leathers, one of the leading industries of the town, was considered

by many as the finest ever held in this country. One attractive feature of the fair was hurdle jumping. Although not quite so free from objectionable features as it might have been, the fair as a whole was a credit to the management.

Respectfully submitted,

(Signed) W. C. JEWETT, Inspector.

CONSTITUTION

OF THE

ESSEX AGRICULTURAL SOCIETY.

ARTICLE 1. There shall be a President, four Vice Presidents, a Secretary, and a Treasurer, who shall be Trustees, *ex-officio*, and one Trustee from each city and town in the county. The President, Vice Presidents, Secretary and one Trustee from each city and town in the county shall be elected at the annual meeting by ballot, and the Treasurer, by the Trustees annually at their meeting in November. Nomination for Trustees may be made by any member or members of the Society from the city or town from which he is to be elected for at least one week before said meeting to the Secretary, and he shall prepare ballots for the same.

ART. 2. There shall be an Annual Meeting of the Society, at such times as the Trustees shall determine, at which all officers shall be elected. Twenty members at least shall be necessary to constitute a quorum for the transaction of business.

ART. 3. If at any meeting of the Society, or the Trustees, the President and Vice Presidents shall be absent, the members present may appoint one from among them to preside at such meeting.

ART. 4. The President, or in case of his absence, either of the Vice Presidents, with the advice of the Trustees, may call a special meeting of the Society ; or whenever a written application, with the reason assigned therefor,

shall be made by any twelve members of the Society to the President and Trustees, they shall call such meeting.

ART. 5. The meetings of the Trustees shall be held at such time and place as they shall from time to time agree upon ; seven of whom, with the presiding officer, shall make a quorum.

ART. 6. The trustees shall regulate all the concerns of the Society during the intervals of its meetings ; propose such objects of improvement to the attention of the public, publish such communications and offer such premiums in such form and value as they think proper (provided the premiums offered do not exceed the funds of the Society); and shall lay before the Society at each of its meetings a statement of their proceedings and of the communications made to them.

ART. 7. The Secretary shall take minutes of all the votes and proceedings of the Society and of the Trustees, and enter them in separate books ; and shall record all such communications as the Trustee shall direct. He shall write and answer all letters relating to the business of the Society.

ART. 8. The Treasurer shall receive all monies due or payable to the Society, and all donations that may be made to it, for which he shall give duplicate receipts, one of which shall be lodged with the Secretary, who shall make a fair record thereof. The Treasurer shall from time to time pay out such monies as he shall have orders for from the Trustees ; and shall annually, and whenever thereto required, render a fair accouut of all his receipts and payments to the Society or a committee thereof. He shall give bonds for the faithful discharge of his duty in such sum as the trustees shall direct, and with such sureties.

ART. 9. A committee shall be appointed annually by the trustees to audit the Treasurer's accounts, who shall

report to the Society ; and the same being accepted, shall be entered by the Secretary in his books.

ART. 10. In case of death, resignation, incapacity, or removal out of the county, of the Secretary or of the Treasurer, the Trustees shall take charge of the official books, papers, and other effects belonging to the office that may be vacated, and give receipts for the same, which books, papers, etc., they may deliver to some person whom they may appoint to fill the office until the next meeting of the Society, at which time there shall be a new choice.

ART. 11. *Any citizen of the county may become a member of the Society by paying the sum of THREE DOLLARS to increase the permanent fund of the institution.

ART. 12. A committee shall be raised from time to time to solicit and receive subscriptions for raising a fund for encouraging the noblest of pursuits, the Agriculture of our county, the same to be sacredly appropriated to that purpose.

ART. 13. All ordained ministers of the gospel who reside within the county shall be admitted honorary members of the Society.

ART. 14. In addition to the usual number of Trustees annually elected, the past Presidents of the Society shall be honorary members of the Board of Trustees.

ART. 15. The foregoing constitution may be amended by a proposition of the amendment in writing by a member at a regular meeting ; the same to lie over for the action at the next annual meeting of the Society.

---

*Members will receive from the Secretary a " certificate of membership." No fines or assessments are ever imposed. Members are entitled to vote in all its transactions, with free use of the Library and a copy of the printed " Transactions " each year.

PREMIUM LIST OF

Essex Agricultural Society

FOR THE

EIGHTY-FIFTH ANNUAL CATTLE SHOW AND FAIR.

Duties of Trustees.

The trustee of each town is instructed to see the several members of Committees in his town previous to the Show, and urge upon them the importance of attending to their duties. Also impress upon exhibitors from localities near to the Exhibition the importance of entering their exhibits for the hall the afternoon and evening of Monday, in fairness to those from a distance, who are obliged to come Tuesday.

To be prompt at the meeting in June for filling Committees, and making sure that the names proposed at those meetings are of persons who will serve.

Duties of Committees.

Committees on live stock and articles exhibited on the Fair Grounds should appear at the Secretary's office on the grounds at twelve o'clock, punctually, on the first day of the exhibition, and there organize, take the books of entry, and proceed at once to business. Committees in hall should take the books of entry from the Superintendent promptly after the entries close.

Full reports of awards by committees, on the blanks furnished by the Secretary, to be signed by all the members acting on the same, are required of each committee.

Three members of any committee consisting of more than that number are authorized to act.

☞No member of the Society shall act on any committee of which he is an exhibitor in the same class.

The diploma of the Society being considered the highest premium that can be awarded, no committee is authorized to award it, except for animals and articles of *special merit*, deserving of endorsement and recommendation by the Society.

No committee is authorized to award gratuities, except the committee on agricultural implements, carriages, bread, honey and canned fruits, domestic manufactures, fruits, vegetables in hall, and flowers; or any premium, unless the rules of the Society have been strictly complied with. Neither shall they award premiums or gratuities in excess of the amount appropriated.

No gratuity is to be awarded of less than fifty cents, except on work by the children, and none in that class less than twenty-five cents.

The several committees are requested to affix premium cards, and also on animals blue and red printed premium ribbons (which may be had of the Secretary or assistants on the grounds and at the hall), for the several animals or articles, designating the grade of premium awarded each, and the name of the person to whom awarded, and especial care should be taken that the cards issued correspond with the awards in their report to the Society.

The reports of awards of premiums on animals and articles exhibited at the Show, must be delivered promptly to the Secretary for announcement on Thursday.

Any member of a committee who cannot serve on the same *is requested to give notice* to the Secretary, *before the show*, so that the vacancy may be filled.

Each member of the several committees will receive a ticket of admission to the grounds and hall of exhibition on application to the Secretary.

General Rules.

Competitors are requested to carefully read the rules and premium list before making entries.

Claim (entries) for premiums to be awarded at the Exhibition on the Fair Grounds, other than live stock, must be entered with the Secretary of the Society, or his agent, and in the Exhibition Hall, on or before 11 A. M., of the first day thereof.

All entries of live stock must be entered with the Secretary at least one week previous to the holding of the Fair and no entries will be received after that date.

Any person *not a member of the Society*, awarded seven dollars and upwards, shall receive a certificate of membership, for which three dollars of his award will be taken to increase the funds of the Society.

Diplomas awarded will be delivered and premiums paid, to the person to whom the premium of gratuity is awarded or an agent duly authorized, on application to the Treasurer, at Salem Safe Deposit and Trust Co., Salem, on and after the first Monday of November.

All premiums and gratuities awarded, the payment of which is not demanded of the Treasurer on or before the first day of May next succeeding the Exhibition, will be considered as given to increase the funds of the Society,

In all cases the reports of awards of premiums and gratuities made by the several committees and adopted by the Society shall be final. *Committees shall see that the premium cards issued, correspond with the premiums and gratuities awarded in their reports.*

No person shall be entitled to receive a premium, unless he complies with the conditions on which the premiums are offered, and by proper entry as required, gives notice of his intention to compete for the same; and committees are instructed to award no premium unless the animal or article offered is worthy.

No animal or object that is entered in one class, with one committee, shall be entered in another class, except farm horses which may be entered for fast walking, and Milch Cows which may be entered with a herd.

All stock eligible for premiums must be owned by residents and kept in the county.

In regard to all subjects for which premiums are offered, it is to be distinctly understood that the Trustees reserve to themselves the right of judging the quality of the animal or article offered; and that no premium will be awarded unless the objects of them are of decidedly superior quality.

Pure Bred Animals, defined by the State Board of Agriculture.

The Proof that an animal is so bred should be a record of the animal or its ancestors, as recorded in some herd book, recognized by leading breeders, and the public generally, as complete and authentic.

Standard adopted:—American Jersey C. C. Register and American Jersey Herd Book, Ayrshire Record and Holstein Herd Book.

Premiums to be Awarded at the Show.

The committee will take notice that no premium will be awarded unless the animals or objects are of a decidedly superior quality.

DIPLOMAS may be awarded for ANIMALS or ARTICLES of *special* merit, in all departments of the Fair.

In the case of a deficiency in the receipts at the Fair in any year, the society reserves the right to reduce the premiums offered, pro rata, not to exceed one-half the amount offered.

RULES AND REGULATIONS.

1. All plants and flowers for competition and exhibition must be entered for examination by the committee on or before eleven o'clock on the first day of the fair, and all such plants and flowers must have been grown by the competitor,

except native plants and flowers and flowers used in bouquets, and baskets of flowers and floral designs, all of which (plants and flowers) must have been grown within the County.

2. When a certain number or quantity of plants and flowers is designated in the schedule, there must be neither more nor less than that number or quantity of specimens shown.

3. When only one premium from each exhibitor is offered for any article, only a single specimen or collection can compete, but when a second or third premium is offered, one, two or three specimens or collections may be exhibited, for competition, but no variety can be duplicated.

4. No premium shall be awarded unless the specimens exhibited are of superior excellence, possessing points of superiority and worthy of such premium, not even if they are the only ones of their kind on exhibition.

5. No specimen entered for one premium shall be admitted in competition for another different premium.

6. Competitors will be required to furnish information (if the committee so request), as to their modes of cultivation, or in the case of native plants and flowers, where such were found.

7. All plants exhibited for premiums must have the name legibly and correctly written on stiff card, wood or some other permanent and suitable substance, and so attached to same as to be easily seen. Flowers when specified to be named to comply also with above rule.

8. Plants in pots to be entitled to premiums must show skilful culture in the profusion of bloom and in the beauty, symmetry and vigor of the specimens; also bouquets, baskets, design work, etc., must show taste, skill, and harmony in arrangement, both as to colors and material they are made of, and purposes for which they are intended.

9. All flowers exhibited must be shown upon their *own stem*, flowers in "Design" word alone excepted; and this exception, if overcome and avoided, to be taken into account by the committee in awarding the premiums.

10. The committee are authorized to award gratuities for any new and rare plants and flowers or "Designs of merit" for which no premium is offered, but in no case shall the total sum (premiums and gratuities together) on plants and flowers exceed the amount, $125, limited by the Society for this department.

11. No member of the committee for awarding premiums or gratuities shall in any case vote, or decide respecting an award for which such member may be a competitor, or in which he may have an interest, but in such case such member

shall *temporarily* vacate his place upon the Committee, and such vacancy for the time being may be filled by the remaining members of the Committee, or they may act without.

12. Attention is again called to above Rules and Regulations for plants and flowers, and General Rules of the Society, and all articles not entered in conformity therewith will be disqualified, and premiums will be awarded only to exhibitors who have complied with said Rules, etc.

Committee on plants and flowers will take notice.

REPORT OF NEW MEMBERS.

There have been six new members added to the society since the last annual report, five of whom became members by receiving a premium of seven dollars and upwards

according to the rules of the society, from different cities and towns as follows :—

Andover	2	Peabody	1
Danvers	1	Salem	2

INSTITUTES.

The society held four Institutes the past year, on as many different days, both forenoon and afternoon, at which the following subjects were discussed by any of the audience who desired.

The first Institute was held in Parker Hall, Newbury, Friday, Jan. 6th, the subject for the forenoon being, "Browntail and Gypsey Moths." Afternoon, "Common Insect Pests," by Prof. A. H. Kirtland.

The second Institute was held at Grange Hall, Andover, Friday, Jan. 20th, Subject, for forenoon, "Odds and ends, or how to make money." Afternoon, "Farmers vs. Education," by Hon. Merrick A. Morse.

The third Institute was held at Peabody, Jan. 27th. Subject for the forenoon being, "Browntail and Gypsey Moths." Afternoon, "Common Insect Pests," by Prof. A. H. Kirtland.

The fourth Institute was held in Grange Hall, Haverhill, Friday, March 24th. Subject for forenoon, "The Silo redeeming abandoned Farms." Afternoon, "Yankee Gumption: How developed," by Sumner H. Reed.

REPORT OF THE STATE INSPECTOR.

Hon. J. Lewis Ellsworth, *Secretary State Board of Agriculture* :—

As the Inspector assigned to the Essex Agricultural Society, I wish to say that I attended the society's fair at

Peabody, Mass., on Sept. 20th, 1905, and report as follows. I found a society well worthy of recognition from the State and representing the principles of agriculture. The grounds, although not enclosed, are nicely located and the society itself shows progression and held an up to date fair. The exhibit of cattle while not large was extra good. The horses, poultry and swine made an exhibit large in each class and of extra quality. The hall exhibit deserves great praise. The fruit and vegetables on exhibition were first class in every particular. It appeared to your Inspector that the officers of the society worked in harmony to make the society the success it is.

Respectfully submitted,

(Signed) SAMUEL B. TAFT, Inspector.

REPORT OF COMMITTEE ON THE TREADWELL FARM.

The wooden fences about the yard and buildings including the cow yard and several gates had become so dilapidated that the committee decided that a new fence was an absolute necessity. They have therefore caused to be built a new substantial one, and have authorized the cutting down of many fruit and other trees that were once useful and ornamental but that have become partially decayed and no longer desirable.

The Browntail and Gypsey Moths have to some extent infested the trees on the farm, in common with other sections of the county, and on notice of the Selectmen of Topsfield, the committee met and after examination thought that it would be economy to have the town abide by the statute of last winter, than to employ inexperienced men. Mr. Luther D. Stanwood is still a tenant of the

farm, furnishes the following statement of the crops of the year and the experiment of an ensilage crop.

Topsfield, Nov. 25, '05.

Benj. P. Ware :—

Dear Sir :—The following is a list of crops raised on Treadwell Farm, year of 1905.

Hay and fodder, 35 tons.

Apples, 73 barrels.

Ensilage corn experiment :—

Ploughing 5 acres, pair horses, one man 2 1-2 days.

Harrow three times.

Leaming corn 2 1-2 bush. $1.25 per bush.

Horse, two men running planter, 8 hrs.

Cultivated four times, one man and horse.

30 cords manure used.

Corn was cut with harvester at $3 per acre.

Four men, two days, $2 per day ; two double teams and man $4, two days filling silo.

One man and engine, two days, $5 per day.

Estimated about 75 tons.

Not less than 20 head of live stock been kept.

Yours respectfully,

L. D. Stanwood.

The stock of cattle appear in good condition with sanitary care.

Respectfully submitted,

Benjamin P. Ware, Chairman.

CONSTITUTION

OF THE

ESSEX AGRICULTURAL SOCIETY.

ARTICLE 1. There shall be a President, four Vice Presidents, a Secretary, and a Treasurer, who shall be Trustees, *ex-officio*, and one Trustee from each city and town in the county. The President, Vice Presidents, Secretary and one Trustee from each city and town in the county shall be elected at the annual meeting by ballot, and the Treasurer, by the Trustees annually at their meeting in November. Nomination for Trustees may be made by any member or members of the Society from the city or town from which he is to be elected for at least one week before said meeting to the Secretary, and he shall prepare ballots for the same.

ART. 2. There shall be an Annual Meeting of the Society, at such times as the Trustees shall determine, at which all officers shall be elected. Twenty members at least shall be necessary to constitute a quorum for the transaction of business.

ART. 3. If at any meeting of the Society, or the Trustees, the President and Vice Presidents shall be absent, the members present may appoint one from among them to preside at such meeting.

ART. 4. The President, or in case of his absence, either of the Vice Presidents, with the advice of the Trustees, may call a special meeting of the Society; or whenever a

written application, with the reason assigned therefor, shall be made by any twelve members of the Society to the President and Trustees, they shall call such meeting.

ART. 5. The meetings of the Trustees shall be held at such time and place as they shall from time to time agree upon; seven of whom, with the presiding officer, shall make a quorum.

ART. 6. The trustees shall regulate all the concerns of the Society during the intervals of its meetings; propose such objects of improvement to the attention of the public, publish such communications and offer such premiums in such form and value as they think proper (provided the premiums offered do not exceed the funds of the Society); and shall lay before the Society at each of its meetings a statement of their proceedings and of the communications made to them.

ART. 7. The Secretary shall take minutes of all the votes and proceedings of the Society and of the Trustees, and enter them in separate books; and shall record all such communications as the Trustees shall direct. He shall write and answer all letters relating to the business of the Society.

ART. 8. The Treasurer shall receive all monies due or payable to the Society, and all donations that may be made to it, for which he shall give duplicate receipts, one of which shall be lodged with the Secretary; who shall make a fair record thereof. The Treasurer shall from time to time pay out such monies as he shall have orders for from the Trustees; and shall annually, and whenever thereto required, render a fair account of all his receipts and payments to the Society or a committee thereof. He shall give bonds for the faithful discharge of duty in such sum as the trustees shall direct, and with such sureties.

ART. 9. A committee shall be appointed annually by the trustees to audit the Treasurer's accounts, who shall report to the Society; and the same being accepted, shall be entered by the Secretary in his books.

ART. 10. In case of death, resignation, incapacity, or removal out of the county, of the Secretary or of the Treasurer, the Trustees shall take charge of the official books, papers, and other effects belonging to the office that may be vacated, and give receipts for the same, which books, papers, etc., they may deliver to some person whom they may appoint to fill the office until the next meeting of the Society, at which time there shall be a new choice.

ART. 11. *Any citizen of the county may become a member of the Society by paying the sum of THREE DOLLARS to increase the permanent fund of the institution.

ART. 12. A committee shall be raised from time to time to solicit and receive subscriptions for raising a fund for encouraging the noblest of pursuits, the Agriculture of our county, the same to be sacredly appropriated to that purpose.

ART. 13. All ordained ministers of the gospel who reside within the county shall be admitted honorary members of the Society.

ART. 14. In addition to the usual number of Trustees annually elected, the past presidents of the Society shall be honorary members of the Board of Trustees.

ART. 15. The foregoing constitution may be amended by a proposition of the amendment in writing by a member at a regular meeting; the same to lie over for the action at the next annual meeting of the Society.

---

*Members will receive from the Secretary a certificate of membership. No fines or assessments are ever imposed. Members are entitled to vote in all its transactions, with free use of the Library and a copy of the printed Transactions each year.

PREMIUM LIST OF

Essex Agricultural Society

FOR THE

Eighty-fifth Annual Cattle Show and Fair.

Duties of Trustees.

The trustee of each town is instructed to see the several members of Committees in his town previous to the Show, and urge upon them the importance of attending to their duties. Also impress upon exhibitors from localities near to the Exhibition the importance of entering their exhibits for the hall the afternoon and evening of Monday, in fairness to those from a distance, who are obliged to come Tuesday.

To be prompt at the meeting in June for filling Committees, and making sure that the names proposed at those meetings are of persons who will serve.

Duties of Committees.

Committees on live stock and articles exhibited on the Fair Grounds should appear at the Secretary's office on the grounds at twelve o'clock, punctually, on the first day of the exhibition, and there organize, take the books of entry, and proceed at once to business. Committees in hall should take the books of entry from the Superintendent promptly after the entries close.

Full reports of awards by committees, on the blanks furnished by the Secretary, to be signed by all the members acting on the same, are required of each committee.

A majorityof any committee are authorized to act.

☞No member of the Society shall act on any committee of which he is an exhibitor in the same class.

The diploma of the Society being considered the highest premium that can be awarded, no committee is authorized to award it, except for animals and articles of *special merit*, deserving of endorsement and recommendation by the Society.

No committee is authorized to award gratuities, except the committee on agricultural implements, carriages, bread, honey and canned fruits, domestic manufactures in hall, and flowers ; or any premium, unless the rules of the Society have been strictly complied with. Neither shall they award premiums or gratuities in excess of the amount appropriated.

No gratuity is to be awarded of less than fifty cents, except on work by the children, and none in that class less than twenty-five cents.

The several committees are requested to affix premium cards, and also on animals blue and red printed premium ribbons (which may be had of the Secretary or assistants on the grounds and at the hall), for the several animals or articles, designating the grade of premium awarded each, and the name of the person to whom awarded, and especial care should be taken that the cards issued correspond with the awards in their report to the Society.

The reports of awards of premiums on animals and articles exhibited at the Show, must be delivered promptly to the Secretary for announcement on Thursday.

Any member of a committee who cannot serve on the same *is requested to give notice* to the Secretary, *before the show*, so that the vacancy may be filled.

Each member of the several committees will receive a ticket of admission to the grounds and hall of exhibition on application to the Secretary.

General Rules.

Competitors are requested to carefully read the rules and premium list before making entries.

Claim (entries) for premiums to be awarded at the Exhibition on the Fair Grounds, other than live stock, must be entered with the Secretary of the Society, or his agent, and in the Exhibition Hall, on or before 11 A. M., of the first day thereof.

All entries of live stock must be entered with the Secretary at least one week previous to the holding of the Fair and no entries will be received after that date.

Any person *not a member of the Society*, awarded seven dollars and upwards, shall receive a certificate of membership, for which three dollars of his award will be taken to increase the funds of the Society.

Diplomas awarded will be delivered and premiums paid, to the person to whom the premium of gratuity is awarded or an agent duly authorized, on application to the Treasurer, at Salem Safe Deposit and Trust Co., Salem, on and after the first Monday of November.

All premiums and gratuities awarded, the payment of which is not demanded of the Treasurer on or before the first day of May next succeeding the Exhibition, will be considered as given to increase the funds of the Society.

In all cases the reports of awards of premiums and gratuities made by the several committees and adopted by the Society shall be final. *Committees shall see that the premium cards issued, correspond with the premiums and gratuities awarded in their reports.*

No person shall be entitled to receive a premium, unless he complies with the conditions on which the premiums are offered, and by proper entry as required, gives notice of his intention to compete for the same; and committees are instructed to award no premium unless the animal or article offered is worthy.

No animal or object that is entered in one class, with one committee, shall be entered in another class, except farm horses which may be entered for fast walking, and Milch Cows which may be entered with a herd.

All stock eligible for premiums must be owned by residents and kept in the county.

In regard to all subjects for which premiums are offered, it is to be distinctly understood that the Trustees reserve to themselves the right of judging the quality of the animal or article offered; and that no premium will be awarded unless the objects of them are of decidedly superior quality.

Pure Bred Animals, defined by the State Board of Agriculture.

The Proof that an animal is so bred should be a record of the animal or its ancestors, as recorded in some herd book, recognized by leading breeders, and the public generally, as complete and authentic.

Standard adopted :—American Jersey C. C. Register and American Jersey Herd Book, Ayrshire Record and Holstein Herd Book.

Premiums to be Awarded at the Show.

The Committee will take notice that no premium will be awarded unless the animals or objects are of a decidedly superior quality.

DIPLOMAS may be awarded for ANIMALS OR ARTICLES of *special* merit, in all departments of the Fair.

In the case of a deficiency in the receipts at the Fair in any year, the society reserves the right to reduce the premiums offered, pro rata, not to exceed one-half the amount offered.

Cattle and Other Farm Stock.

TO BE ENTERED IN THE NAME OF THEIR REAL OWNER.

All animals to be eligible to a premium, shall have been raised by the owner within the County, or owned by the exhibitor within the County, four months previous to the date of exhibition, except Working Oxen and Working Steers.

All animals entered for premium or exhibition will be fed during the Exhibition, and longer, when they are, of necessity, prevented from leaving, at the expense of the society.

Plants and Flowers.

RULES AND REGULATIONS.

1. All plants and flowers for competition and exhibition must be entered for examination by the committee on or before eleven o'clock on the first day of the fair, and all such plants and flowers must have been grown by the competitor, except native plants and flowers and flowers used in bouquets, and baskets of flowers and floral designs, all of which (plants and flowers) must have been grown within the County.

2. When a certain number or quantity of plants and flowers is designated in the schedule, there must be neither more not less than that number or quantity of specimens shown.

3. When only one premium from each exhibitor is offered for any article, only a single specimen or collection can compete, but when a second or third premium is offered, one, two or three specimens or collections may be exhibited for competition but no variety can be duplicated.

4. No premium shall be awarded unless the specimens exhibited are of superior excellence, possessing points of superiority and worthy of such premium, not, even if they are the only ones of their kind on exhibition.

5. No specimen entered for one premium shall be admitted in competition for another different premium.

6. Competitors will be required to furnish information (if the committee so request), as to their modes of cultivation, or in the case of native plants and flowers, where such were found.

7. All plants exhibited for premiums must have the name legibly and correctly written on stiff card, wood or some other permanent and suitable substance, and so attached to same as to be easily seen. Flowers when specified to be named to comply also with above rule.

8. Plants in pots to be entitled to premiums must show skilful culture in the profusion of bloom and in the beauty, symmetry and vigor of the specimens; also bouquets, baskets, design work, etc., must show taste, skill, and harmony in arrangement, both as to colors and material they are made of, and purposes for which they are intended.

9. All flowers exhibited must be shown upon their *own stem*, flowers in "Design" word alone excepted; and this exception, if overcome and avoided, to be taken into account by the committee in awarding the premiums.

10. The committee are authorized to award gratuities for any new and rare plants and flowers or "Designs of merit" for which no premium is offered, but in no case shall the total sum (premiums and gratuities together) on plants and flowers exceed the amount, $125, limited by the Society for this department.

11. No member of the committee for awarding premiums or gratuties shall in any case vote, or decide respecting an award for which such member may be a competitor, or in which he may have an interest, but in such case such member shall *temporarily* vacate his place upon the Committee, and such vacancy for the time being may be filled by the remaining members of the Committee, or they may act without.

12. Attention is again called to above Rules and Regulations for plants and flowers, and General Rules of the Society, and all articles not entered in conformity therewith will be disqualified, and premiums will be awarded only to exhibitors who have complied with said Rules, etc.

Committee on plants and flowers will take notice.
